Keeping Up - -

With Uplanders

By V. V. P.

FOR ALL BOYS

A place will be made on teams for all boys in Upland who want to play Little league baseball." That is, providing they register immediately at the Sam Rowe Sporting Goods store.

Garwood Warders, who devotes many hours each week to the boys' activities, has expressed the asurance of enough teams for all interested youths if they register in time. One condition to that promise, however, may be the number of adults who make themselves available.

It takes many managers and many interested parents to make each team an active group.

At the moment, the thing to be done is register. So, parents, see to it that your sons are all lined up for the summer sport.

GRAY LADIES

One important phase of the Red Cross activity in the Upland-Foothill distirct is the service of the Gray Ladies, the volunteer women who do so much for people. They always give generously of their time whenever and wherever they can be of service.

The Los Angeles Times the other day published a letter from a grateful veteran about the Gray Ladies. What was said there could very well be localized. In part this is the comment:

"We wish to express our gratitude to the Ladies in Gray and Red Cross workers who come to visit us.

"The same ladies who visit us in the daytime, and then drive home perhaps 10 or 20 miles, come back to help with the dances in the evening.

Even in other hospitals, where some of us have been confined, we have seen the wonderful Gray Ladies bring candy or records or help out in other ways."

ONTARIO-UPLAND CONSOLIDATION

Uplanders can take warning —at least one Ontario city councilman and other Ontario residents have their "eye" on Upland.

"Let's consolidate" is the suggestion from Mike Kelber expressed at a meeting of the Ontario city council this week.

Years ago, the Ontario city limits extended well beyond the Santa Fe right-of-way. As the result of inattention on the part of the Ontario city hall, residents changed to Upland and today the San Bernardino freeway is recognized as the boundary between the two communities.

Upland is getting along very, very well without any help from Ontario.

CITY HALL PERSONNEL

We, like many other Uplanders, are in an unhappy situation today because of the discordant news emanating from the city hall. The people involved in the city controversies are all numbered among our friends, and it is not pleasant to write stories of disharmony among your friends. We consider both City Manager Elwin Alder and Mrs. Lillian Schubert among our closest friends in Upland. Today they are on opposite sides of the fence in a city government dispute. Mrs. Schubert has appealed her dismissal from her city job, and a hearing will be held Monday. Regardless of the outcome of this hearing, both Lillian and Pinky will remain our friends. It is our job to report the facts concerning all local events, including the proceedings and outcome of this hearing. It is not a pleasant task, but a job to be done.

While none of the councilmen nor Police Chief Ralph H. Palmer are among our intimates, we have known most of them well from contacts made as a reporter. We have held each of them in esteem, and while we personally have opinions of our own often differing from their individual opinions and actions, we have always been sympathetic with the tremendous duties confronting them and respected their decisions and actions as the result of their own convictions and qualifications. We have heard many radical and unkind remarks in recent days, directed at the councilmen and at Chief Palmer. A more level headed appreciation of the tasks facing both councilmen and police chief might bring about more constructive thought.

To Officially Name Don Carr As Mayor

WM. KISTINGER WILL BE NEW COUNCILMAN

Upland city councilmen will officially install Wm. Kistinger as one of their group in tonight's meeting. He has been chosen unofficially by the four members of the group as their choice to fill the vacancy left by the resignation of Mayor E. Tweed Stone.

A member of the Upland city planning commission for several years, Mr. Kistinger has been in close touch with many phases of the city's problems in the expanding era. In 1952 he was a candidate for the city council.

He is a citrus grower, residing with his family at Mountain Ave. and 16th St. He has also developed a wind machine, manufacturing it here and supplying the product to agents throughout California's citrus area.

Tonight's meeting will also be marked with the formal election of Donald C. Carr as mayor and one of the group as mayor protem. When Mr. Stone was chosen mayor in April, 1956, Mr. Carr was named "mayor pro tem", and in that position he has served whenever the mayor was absent from the community.

Mr. Kistinger has been informally advised of his selection as a councilman and he will be present when the group convenes

WILLIAM KISTINGER

for the first time in 10 years without Mr. Stone one of the group. He will be given the oath of office by City Clerk Hazel M. Cassell, then will join in the official vote for Mr. Carr as Mayor. Chosen as mayor pro tem will be either Robt. Thrall, Abner Haldeman or John Nicholson.

Deluxe Motel For Foothill In Cucamonga

A deluxe motel to eventually utilize a total of 10 acres on the south side of Foothill Blvd., between Hellman and Vineyard Aves., Cucamonga, is now being planned.

Louis F. Berke and Max Ruderian of Los Angeles are the developers and are working with their architects in planning the initial motel development, with construction to start about a year from now.

A zone change for the two five-acre lots involved was granted by the county board of supervisors last week. The supervisors agreed that this rezoning would be an extension of present multiple zoning to the east of the proposed motel site, the basis for the county planning commission's recommendation of the rezoning.

LL Meeting Tonight

An important meeting for all Little League baseball enthusiasts will be held at 7:30 tonight in Upland city hall.

Parents, team managers and all other interested persons are urged by Garwood Warders, president of Upland Little League commision, to attend for a discussion of activities relative to the start of the diamond season.

A report will be given on the progress of building the new diamond on Campus Ave. at Eighth St. and definite plans will be made for various work projects.

"We want a large attendance and we hope all interested persons will be present to help make final plans for the league and the summer," Mr. Warders declared.

Pro-Palmer, Anti-Alder Petitions Not Ready For Filing With City

Petitions asking the reinstatement of Ralph H. Palmer as chief of the Upland police department and the discharge of City Manager Elwin Alder will not be filed in the city hall tonight as planned, according to Bertin Field, leader in a citizens' movement.

Stanford Shaw, reported by Mr. Field as attorney for the group, will be out of town tomorrow and thus the documents will be withheld until a later meeting.

Mr. Field said 17 copies of the petition have been circulated but he was unable to estimate how many signatures had been obtained.

"I know some of the pages are full and in a few cases, no names have been obtained because of lack of time on the part of some people," Mr. Field said.

Fifty-five persons were reported at an informal meeting last week when tentative plans were discussed for circulation of the documents. Mr. Field, a former member of Upland police department, was chosen to head the citizens' movement on behalf of Mr. Palmer.

Lt. John Wessely Named Acting Chief

Until a new chief of Upland Police department is chosen, Lt. John Wessely will serve as head of the department, his appointment as acting chief being effective April 1.

He was chosen to fill the position by the Upland city councilmen in an executive meeting Tuesday night. On April 1, Police Chief Ralph H. Palmer will retire and the next ranking officer will serve for an indefinite period.

Members of the state personnel board have been notified of the forthcoming public examinations here to select a successor to Mr. Palmer. Indications are, however, that it may be several weeks before an examination can be held.

In the meantime, specifications for the local position are being prepared and information about the vacancy will be distributed to all Southland communities, according to the council's action.

Lt. Wessely has been a member of the local department 11 years, 5 years as lieutenant.

Upland Men In Oratorio

Two Upland men, Donald Bowers and Wm. Haldeman, will sing leading roles in the production of "The Creation", an oratorio by Joseph Haydn, to be heard March 31 as the first presentation of The Foothill Choral society.

Directed by Jean Pilon of the Claremont college faculty, the oratorio will be presented in the Vivian Webb chapel, Webb school East Base Line Rd., Claremont.

The public will be admitted at 7:45 p.m., with those presenting invitations to be admitted.

Mr. Bowers will sing the role of Adam and Mrs. Haldeman will be heard as Uriel.

$100 Awaiting Ticket Holder

Holder of ticket No. 023623 is entitled to the $100 now waiting to be claimed at the Home cafe.

Numbered tickets were issued during last week's March Dividend Days to hundreds of customers shopping in local stores. Stubs from all the tickets were placed in a master container in Upland chamber of commerce office. A ticket was drawn Wednesday morning by Mrs. Mary

Ogella and Robt. Theall with Chamber Secretary Lillian Hilde looking on.

The winning ticket stub is now at the Home cafe where the holder of the matching ticket must call for the $100 prize by 8 p.m. Saturday.

Upland firms participating in the monthly Dividend Days project are: Town and Country Dress Shop; J. J. Atwood Co.; Dary's Shop for Men; Western Auto Supply; Dier's Shoes; Scott's Jewelers; Hottel's Upland Furniture; Holt's Hardware and Gifts; Olson's and Clint's; Upland Pharmacy; Central Market; Ray Davis Jewelry Store; Colborn Electric Co.; Harris Pharmacy; Home Cafe; Wise Pharmacy; Christian Light Press and McFaddens.

Polio Vaccine Here Saturday

Adult polio vaccinations will be given qualified Uplanders and Mt. Baldy residents in Upland Elementary school auditorium, Saturday, 1 p.m. to 7 p.m., according to Dr. Merle E. Cosand and Dr. H. M. Bockrath, county and city health officers.

The vaccine is now being made available to persons between the ages of 20 through 40 years of age in a program planned to immunize lower income and large family groups who would be least likely to obtain the vaccine from other sources, according to Dr. Cosand.

Targets for the county-wide program are persons between six months and 40 years of age. The vaccination of school children is almost completed and they will soon receive additional shots.

SPRING HAS SPRUNG

Uplanders and other Southlanders yesterday greeted the first day of spring, and a beautiful spring day it was. After a day of threatening rain, Wednesday morning arrived bright and clear, and it was with a happy note on which Evelyn Bice alerted us to the fact that spring was here.

Anticipate Final Decision Tonite On Euclid-Foothill Rezoning

Attorney May Represent Local Opponents Of Zone Change

MAYOR DONALD CARR

Final decision may be given tonight on the long-proposed question of allowing a commercial development at the southwest corner of Foothill Blvd. and Euclid Ave.

Opponents of the zone change have contacted a San Bernardino attorney to analyze the application and a strong protest is expected to be presented. Dr. A. A. Aita, San Antonio Community hospital administrator, said that John King had made two visits here to study the situation preliminary to deciding on the merits of the issue. Dr. Aita said it would not be known until later if Mr. King would be in the city hall tonight to make a formal protest.

Agreement Indicated

Apparently, there has been some agreement between the applicants, the Foothill-Euclid Corp. and the city's representatives relative to proposed changes in the development. In a conference Tuesday in the Los Angeles office of Architect Albert C. Martin, the applicants reportedly agreed to suggestions that had been discussed by the city councilmen. Present at the Tuesday meeting from the city were Mayor Pro Tem Donald C. Carr and City Manager Elwin Alder.

These proposals will be discussed at tonight's meeting. If an official agreement is reached, a contract is then to be prepared to insure the realization of the development as agreed upon.

Vote Yet To Come

Persons interested in the development are concerned about the final vote to officially permit a change in the zone to allow the development. While discussion at the previously held public hearings indicated the councilmen's willingness to discuss details, the final decision is yet to come in actually granting the zone change.

Even though preliminary agreement may have been reached relative to the development, the decision will come when the vote of a zone change is called for.

Since the first public hearing, E. Tweed Stone has left the city hall and Wm. Kistinger will succeed him. What bearing this will have on the final outcome is unknown. Mr. Kistinger was not present when the planning commission turned down the proposal. He is a member of the city planners.

If the zone change appliation is approved this would be a reversal in the planning commission vote. Only two-thirds city council approval is required in such cases.

Mrs. Schubert's Appeal To Be Heard Monday

Mrs. Lillian Schubert's role as an Upland city employee will be analyzed by members of Upland city board of review in a public hearing beginning at 2 p.m. Monday.

Robt. P. Miller, who is a new member of the group, is chairman of the hearing board and will preside. Harry M. Wright and Dwight P. Bert are other members of the hearing board.

Purpose of the hearing is "to hear the appeal made by Lillian Schubert", according to the official notice from the city hall. She was cashier of the city water department and secretary to the Upland city planning commission.

When she left her office following a dispute with City Manager Elwin Alder, she was dismissed. Mr. Alder said he took this action since it was not the first time she had abruptly left her work without authorization.

As a "permanent" city employee, Mrs. Schubert has the right of appeal.

Mr. Miller was recently named to the hearing board to succeed the Rev. Trusten A. Hart, who was formerly chairman. In a reorganization meeting last week, he was named chairman. He is personnel director of the Exchange Orange Products Co. in Ontario, succeeding the late Edward Pollack.

CHAFFEY TO DROP VOCATIONAL AG COURSES

With industry's importance to the Chaffey college district mounting, the board of trustees has decided its vocational agriculture program is no longer essential and with the 1957 fall term, the vocational agriculture courses will be dropped from the college curriculum.

Agriculture courses considered "transfer" courses, those college and freshman classes required for students transferring from Chaffey to institutions of higher learning and following agricultural programs, will be retained, however.

Upland, Ontario Consolidation Proposed

Consolidation of Upland and Ontario into one municipality is an informal proposal suggested by Ontario City Councilman Mike Kelber at Tuesday night's meeting of the group.

It was his suggestion that the "idea" be studied in the interests of saving money. He expressed the belief a "borough" plan might be used to advantage in providing adequate representation in the municipal headquarters.

The expression did not result in any action and no definite steps were started toward the idea.

That Ontario citizens are seeking to give action to the idea is indicated by calls to The Upland News during the last week. The calls sought to obtain an indication as to how Uplanders would accept the suggestion.

Serrano district Boy Scouts will hold a semi-annual Court of Honor, April 1, 7:30 p.m., in the Sierra Vista auditorium,

Draw Ticket Worth $100 Cash

Dividend Days ticket number 023623, worth $100 in cash, is drawn by Mrs. Mary Ogella, representing Holts Hardware, and handed to Robert Theall, Hottel's Upland Furniture Co. representative, as the March Dividend Days' drawing was held yesterday in Town and Country dress shop. The Upland shopper holding the matching ticket, obtained during the three-day Dividend Days event from one of the local business houses participating, can claim the $100 cash award any time before 8 p.m. Saturday, March 23, at the Home cafe.

Council Will Set Hearing On Parking

Public hearing on new proceedings for the Upland parking district will be tentatively set for May 2 at the Upland city council meeting tonight if routine is observed.

A resolution setting the date and establishing legal foundation for eventual realizaton of the long-sought parking district is scheduled for presentation. Ray Curran, special legal counsel, has been working closely with Harold Wilder, city engineer, in the proceedings.

One outstanding feature of the new proceedings is a reduction in the size of the proposed parking district and elimination of one of the proposed off-street parking lots. An amendment to the previously proposed boundaries will be offered as part of the routine. Hearing on this amendment may delay the proceedings a few weeks but it is expected to reduce the possibility of legal protests.

In general the new proposed southern boundary line is a short distance south of Ninth St. In other words, the southern three-fourths of the blocks south of Ninth are being eliminated in the new proposal. It is unnecessary to change the previously-filed petition, merely to conduct a special hearing on the new boundaries.

Rural Carrier John Bice To Retire

Ends 36 Years With Upland Post Office

Almost 36 years after he started to work for the U. S. Government as a substitute clerk in the Upland Post Office, John L. Bice will retire from service Mar. 31.

But his retirement is only from government service, for he will continue to operate the Do-Nut Shop on Second Ave., popular coffee time rendezvous for Uplanders. Mr. Bice, who has been a partner and co-manager of the shop for almost three years, has purchased the interest of Mrs. Mary Jo Selby Wasson, and will now assume its fulltime management.

First City Carrier

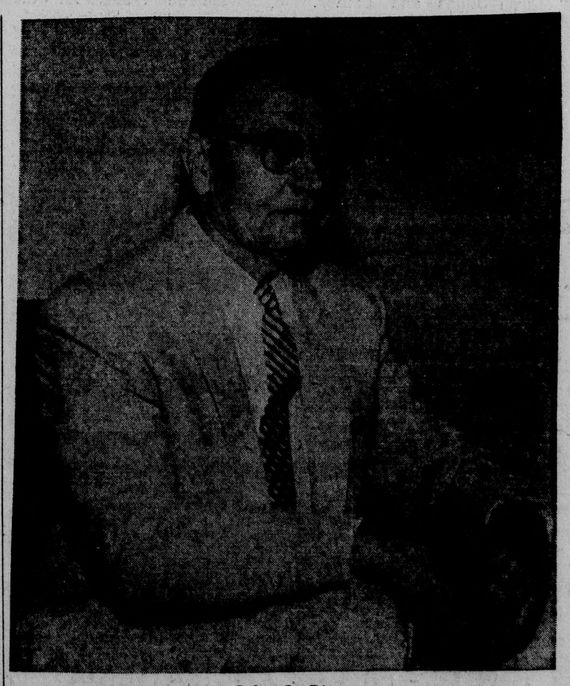

After his inauspicious start with the local post office, Mr. Bice became a city carrier when home delivery service was established Dec. 1, 1922. He continued as a foot carrier until 1928, when he transferred to a position as clerk in the post office proper.

In 1943 he accepted the rural free delivery route, serving all outlying areas of Upland. He continues on this route, which has changed as the city has grown, until the day of his retirement.

Recently reduced in size, the rural route at one time averaged 4000 pieces of mail daily, Mr. Bice relates. Help was made available to him during the heaviest periods of mail service, and one of the route's substitutes has been Mrs. Bice, his wife.

Uplander Since Youth

An Uplander since his youth, when the family moved to Upland in 1913, Mr. Bice was married in San Diego to the former Miss Evelyn Murray of Ontario

John L. Bice

on June 5, 1922. Their four children grew to adulthood in Upland, married and now live in nearby cities. The couple now have 13 grandchildren.

Their children are John R. Bice of Corona, father of four; David C. Bice of Ontario, father of three; Robert Bice of Pomona, father of four, and Mrs. Patricia Rogers of San Diego, mother of two.

The veteran postman's mother, Mrs. Rose E. Bice, resides at 376 11th Ave. Mrs. Bice's mother, Mrs. Elizabeth Murray, 94, formerly lived with the couple but is now a resident of Palm Lane Rest home, Alta Loma.

Active Methodist

Mr. Bice is an active member of First Methodist church, where he serves as head usher, on the official board and in Methodist Men. His hobby is traveling, and he and Mrs. Bice have traveled considerably during his annual vacations.

His appearance belying his years, Mr. Bice soon launches a retirement which promises to be as active and productive as his 36 years with the post office.

ASSISTANCE LG. PLANS RUMMAGE

Assistance League of Upland is planning a rummage sale featuring household articles and furniture to be held at 281 N. Second Ave. on March 28 from 9 a.m. until 9 p.m., and on March 29 from 9 a.m. until 1 p.m. Men's, women's and children's clothing as well as shoes, will also be on sale.

Mrs. Clark W. Green, chairman, and Mrs. Kenneth J. Litchfield, co-chairman, will be assisted by committee members Mmes Frank W. Hutchinson, Donald A. DeVore, John A. Armstrong Jr., Richard C. DuVall and George A. Chalfant, Andrew K. Penque and Gerald R. Westphal, sustaining members, are designing and screening the posters.

According to Mrs. Green, the League is particularly anxious to have household items and furniture donated for the sale. Anyone wishing to contribute rummage may leave it at 281 N. Second Ave. on March 23 from 10 a.m. until 1 p.m. or may arrange to have it picked up by calling Mrs. Green at 6-5567 or Mrs. Litchfield at 62-0525.

Cucamonga Church Sponsors Breakfast

Special activities are planned by members of the Cucamonga Community Methodist church.

Women's society of Christian service will serve breakfast in the church basement Saturday from 7 to 9 a.m. Charge for adults will be 50 cents and for small children 25 cents. The proceeds will be used to purchase gowns for the junior choir.

Mrs. Gardner Weds Engineer

Mrs. Bernard Alvarez

Mrs. Dorothy Garnder, a resident of Upland for the past 11 years, most of this time as a member of the Upland Planning Commission, was married in simple rites in her N. First Ave. home, Thursday, afternoon to Bernard E. Alvarez, formerly of Philadelphia, Pa. Judge Fred H. Jacobs officiated.

The bride wore a charming cream knit frock and a white orchid corsage. Mrs. Bronson Palmer, who attended her, chose a beige costume and a corsage of chartreuse orchids.

Edward McGrath acted as best man.

Mr. Alvarez, who holds an engineering post at the Hawthorne plant of Northrop Aircraft Inc., is an alumnus of the University of Pennsylvania.

Mrs. Alvarez came to Upland from Chicago, Ill., where her family was socially prominent. She conducted a book and gift shop in Upland, but disposed of it before her marriage. She and her bridegroom met in Mexico a year ago when both were on vacation there.

The couple plan to make their home in Palos Verdes.

ANNUAL HOSPITAL MEETING HELD

Harold Stewart, vice president of San Antonio Community hospital, presided at the annual meeting of the institution last night. An election of officers was scheduled to be one of the features.

Dr. A. A. Aita, administrator, submitted his annual report, listing many figures showing a steady increase in the hospital's service to the community.

Welcome Netherlands Bride

MR. & MRS. BRUCE A. BOSHART

Mr. and Mrs. Tresler C. Boshart, 6935 Hermosa way, Cucamonga, entertained at a post-nuptial reception Sunday afternoon First Mennonite church, honoring their son and daughter-in-law, Mr. and Mrs. Bruce A. Boshart.

The younger Bosharts arrived recently from Alkmaar, Holland where they were married on Nov. 24. The bride is the daughter of Mr. and Mrs. Jan Brouwer. The civil ceremony in the Alkmaar town hall was followed by nuptial benediction in the Alkmaar Mennonite church. The ceremonies were followed by traditional functions in the Alkmaar home of the bride's parents, which included luncheon, a reception and dinner.

At the reception the bride wore a white linen sheath dress with a bloused navy jacket, a white hat and a corsage of white cymbidium corsage. Two hundred guests attended to meet the pretty bride.

Mrs. Sam A. Piety of Chula Vista, aunt of the bridegroom, who was in charge of serving the cake was assisted by Mrs. R. A. Hiebert, Ontario; Mrs. V. J. Hiebert, El Centro, aunts of the bridegroom, and Mrs. Ray House of Indio, cousin of the bridegroom.

Mrs. John N. Broersma, Anaheim, aunt of the bridegroom, who served the punch was assisted by Miss Sharon Boshart, Newton, Kan., sister of the bridegroom; Mrs. W. T. Hiebert, Lancaster, Mrs. L. E. Hiebert, Boron, aunts of the bridegroom; Miss Katherine Hiebert, Lancaster, and Miss Marilyn Hiebert, Lancaster, cousins of the bridegroom. Miss Thyra Hiebert of Ontario, also the bridegroom's cousin was in charge of the guest book and Miss Lerace Boshart, sister of the bridegroom, supervised the gift table.

The bride and groom met several years ago when he, a student singer in a college choir, was on a European tour. She was in charge of one of the tour parties on which the singers were conducted.

More than two years ago young Boshart left Upland for PAX service under the MCC. He served in Paraguay and Peru. On completion of his duties he acquired a motorcycle and went to Europe for a cycling tour. While there he renewed his acquaintance with Miss Brouwer and their marriage resulted.

The young people are living at 731 E. Seventh St. Mr. Boshart is on the engineering staff of the city of Upland.

BPWC Planning Two Day Meet

San Orco district, California federation of Business and Professional Women's Clubs, will hold its annual convention, Apr. 27 and 28, in the Huntington Sheraton hotel, Pasadena. Delegates from the Upland BPWC are Mrs. G. B. Warders, Miss Lois Brown and Miss Velma Owen, president. Alternate delegates are Miss Margaret Kritzman, Mis Florence Andrews and Mrs. Geo. Miles.

Members wishing to attend the convention on either both days, one day, or the banquet only, should make reservations with Mrs. Harry Plum, reservation chairman, 2-1740.

Hand Lotion — $1.50, Toilet Water — $3.00 & $4.50. Dusting Powder — $2.00, Talcum — $1.25. Harris Pharmacy, 205 N. Second Ave. (adv.)

Woman's Club Planning Gay Spring Style Show

"March Lions and Lambs," will be the theme of the fashion show dessert and card party being planned for presentation in Upland Woman's club house, March 29, 1 p.m. Mrs. Harold H. Royaltey is general chairman, assisted by Mrs. Donald K. Wake, co-chairman.

Mrs. Russell Schulze will direct the show of spring styles from local dress shops. Members of the club who will model are, Mmes. Calvin E. Parker, R. L. Jones, Elwin Alder, J. L. Donnolly, Owen Feltham and Isabelle Wisely.

Spring flowers in pastel colors and appropriate table decorations will be featured and the foyer and stage will be decorated with large stuffed animals and spring bouquets. Each table will be attractive with a crystal bud vase centered on a pastel green doily. The bud vases will be the table prizes. Mrs. Robt. Fleck is making handmade tallies for the event.

Mrs. Ralph E. Williams and Mrs. L. F. Grams are in charge of door prizes which are being donated by Upland and Ontario merchants.

Reservations may be made with Mrs. Kenneth Wilcox, 2-5693, or Mrs. Robt. Fleck, 6-7888. The public is invited.

Beautiful Handkerchief In Library

MRS. WILLIAMSON

Mrs. Claude Owen of the Upland Public library staff displays an old handkerchief, one of the prizes in the collection of Mrs. Harriet Williamson, who has been collecting them for more than 50 years. —Upland News Staff Photo

Handkerchiefs in wonderful variety are on display in the Upland library this week through the courtesy of Mrs. Harriet Williamson, 262 N. 11th Ave. The display is corelated to the many fine books on lace and lace making in the library, according to Mrs. Claude Owen of the library staff.

The handkerchiefs from a collection of nearly 400 were arranged by Mrs. Williamson's daughter, Mrs. Ruth D. Whiting, in cooperation with the library staff.

In speaking of the display in connection with books available at the library, Mrs. Whiting paid high tribute to the library and the staff. "We have always been great users of the public library", she said, "and I find that there is a fine selection in Upland. The staff is so co-operative that if books are not available immediately we are able to obtain them in a very short time from Sacramento."

Prize example in Mrs. Williamson's collection is a very old handmade lace and linen 'kerchief made by the wife of one of the men who helped capture John Wilkes Booth after the assination of Abraham Lincoln. The lacemaker, remembered only as Mrs. Walker, was a European and the handerchief which Mrs. Williamson has is unique in that it combines many types of lace, each corner being of a separate design.

Many of the other handkerchiefs are beautiful examples of those carried in an earlier day by brides. All are linen and most are handmade. One exquisite one, made by nuns in the Province of Quebec, has a border of filet that has been drawn and stitched in a pattern so delicate it is impossible to see the stitches. A group of more modern 'Kerchiefs shows the laces, tatting and crochet popular in the early part of this century.

Mrs. Williamson, who has been collecting handkerchiefs for more than 50 years, is conservative in her tastes. She prefers white linen and lace ones and has very few colored ones in her possession. She has only one round example in the entire collection.

That is as it should be. Handkerchiefs, by custom have been square since the days of Louis the XVI. Shortly before his death on the guillotine he made a decree that seems to have remained one of fashion's laws. It was to the effect that "handkerchiefs be designed square with the length of every handkerchief being equal to its breadth."

BPW NOMINATES MRS. G. WARDERS

Mrs. G. B. Warders was nominated for the office of president at the recent meeting of the Up Women's club. The slate of officers was submitted by Mrs. Merle Z. Conn, nominating committee chairman.

Other names on the slate were Miss Florence Andrews, vice president; Mrs. Fred Kushin, recording secretary; Mrs. Don Hewitt, treasurer and Mrs. Geo. Miles, corresponding secretary.

The election will be held at the April meeting with installation following in May.

GT LUNCHEON IN CARVER HOME

Members of the GT club met in the home of Mrs. Wilford Carver, 8168 Red Hill Dr., Cucamonga, for their monthly luncheon, Tuesday when Mrs. Marie Stewart assisted her mother in serving.

Those present were Mmes. Robt. Wisely, Robt. Van Ness, Chas. Roberts, Nelson I. Hamer, Ellsworth Sorenson and Chas. Allen.

Broom Sale By Lions To Be Event Here

Preparations are being made for the first broom sale of its kind here.

Upland Lions club members will sell brooms April 12 and 13, with net proceeds going to the club's welfare fund. The brooms are from a manufacturer that employs blind people. The brooms will be sold on local street corners at $2.

MR. AND MRS. A. E. FRENCH

Mr. and Mrs. A. F. French, 557 N. Campus Ave., will be honored by their children and grandchildren Sunday at an open house in their home, on the occasion of their 50th wedding anniversary. Friends and neighbors are invited.

The Frenchs, who have lived in Upland since 1947, had lived in Pomona previously. They came from Illinois and their marriage took place in Rockford.

Until his retirement five years ago Mr. French owned and operated the package liquor store near Ninth St. on Second Ave. Since then the couple has spent much time traveling.

In Upland for the celebration are their daughter, Mrs. Hearl Peeples of Rockford; their son, daughter-in-law and family, Mr. and Mrs. Horace French of Ridgecrest, and their son-in-law and daughter and family, Mr. and Mrs. Wm. Johnson of San Diego.

The group will gather for luncheon in the Stuft Shirt, prior to the open house from 3 to 5 p.m. and from 7 to 9 p.m.

Also attending the parties will be Mr. French's brother-in-law and sister, Mr. and Mrs. Chas. Larson of Los Angeles and Mrs. French's sister, Mrs. Mary Cleary of Rockford.

The man who lives only for himself runs a mighty small business.

Drama Section Plans Play For May Luncheon

Members of the Drama section, Upland Woman's club, met Monday evening in the home of the section chairman, Mrs. Harry Wright, to read scripts toward selection of a play for presentation at the May luncheon of the club. From left, in the group pictured, are the Mmes. Carlos Jacobs, Jarvis J. Leman, C. S. Stowell, J. B. Swingle, Arthur Lichti and J. L. Connolly. Two plays have been produced by the group this year, with "The Clock" presented for Chaffey wives, and "Ladies of the Mop" enacted before more than 200 at a San Bernardino district Woman's club meeting here, and to be presented again March 27 at the luncheon meeting of Upland Rotary club, when Rotary-Anns will be guests.

Honeymoon In Mexico

Mr. and Mrs. David Correggia
Don Bigley Photo

Miss Marie Elaine Glick, daughter of Mr. and Mrs. Delmar Glick, 7980 N. Vineyard, Cucamonga and David Correggia, were married, Friday, in the First Methodist church, with Dr. Ralph W. Lee officiating.

Mr. Correggia is the son of Mr. and Mrs. Romeo Correggia, 9110 S. Rochester, Cucamonga.

Two hundred guests witnessed the evening rites as the bride walked down the white carpeted aisle on the arm of her father. White satin cords decorated the pews and two large bouquets of white stock and gladiolas were arranged in front of the altar.

The bride wore a very full skirted gown of white satin with two tiers of lace edged net on both sides of the skirt. The lace bodice was styled with a Sabrina neckline and cap sleeves. Sequins on the neckline matched those decorating her cap and veil. Her bouquet was a cascade of white carnations.

Mrs. Betty Gill of Cucamonga was the matron of honor. Her princess style ballerina frock was was styled with a bow on the back and a skirt of alternating panels of lime and dark green taffeta. Her slippers and hat were white and she carried a cascade bouquet of pink carnations.

Mrs. Joe Glick, Mrs. Jack Glick, sisters-in-law of the bride, and Miss Janet Allen served as bridesmaids. Their frocks, similar to that of the matron of honor, were in two shades of pink and they carried green carnation cascade bouquets.

Marie Hooper, the flower girl, wore a white organdy floor length formal with a ruffled skirt. She carried a basket of sweet peas.

Clement Aime, cousin of the bridegroom, served as best man, and the ushers were Jack Glick, Joe Glick and Roger Audenino.

Mrs. Correggia, mother of the bride, wore a lavender slik print frock with a lavender jacket, lavender accessories and an orchid corsage. Mrs. Correggia, mother of the bridegroom wore a dress of grey lace over rose taffeta, navy blue accessories and a lavender corsage.

Mrs. Carl Hess was the organist and Mrs. Willard Maust sang, "Because," "Oh Promise Me," and "The Lord's Prayer".

A reception followed in the Ontario Woman's clubhouse where pink camellias formed a decoration around the three tier cake. Pink and green floral decorations repeated those in the bou-

Rev. J. C. Stamm Dies Suddenly

The Rev. Jas. Calvin Stamm, 81, 636½ E. Arrow Hwy., died suddenly at home, Tuesday, of a ruptured aorta.

The Rev. Mr. Stamm was a retired Presbyterian minister and was born in Birdsboro, Pa. He had lived in Upland for 3½ years and formerly lived in Pittsburg and Ohio.

Long a worker with youth, during his stay in Upland he returned to the East every summer to work in a large Boy Scout camp in rural Pennsylvania, which provides summer vacations for boys of crowded city areas. He was a naturalist and instructed his young charges on the outdoors and nature. Before coming to Upland he retired from Home Mission work with the Cambridge Ohio Presbytery.

His wife, Pauline Cecilia, died in 1952. Surviving are his sons, Jas. C. Stamm of Upland and Karl O. Stamm of Whittier; one brother, Chas. L. Stamm of Shillington, Pa., and four grandchildren.

He was a member of First Presbyterian church.

The funeral service will be held today at 2 p.m., in First Presbyterian church, with the Rev. Trusten A. Hart officiating. Interment will be in Bellevue cemetery. Stone Funeral Home is in charge of arrangements.

RESOLUTION NO. 500
RESOLUTION OF INTENTION TO ANNEX ANNEXATION NO. 13

WHEREAS, on the 5th day of March, 1957, the City Council of the City of Chino received from the owners of one-fourth or more of the land in the following described territory, both by area and by assessed value as shown on the last equalized assessment roll of the County of San Bernardino, a petition and request that the following described territory and property, to-wit:

Lot 63, Section 1, Township 2 South, Range 8 West, San Bernardino Base and Meridian, according to Map of Subdivision of Part of Rancho Santa Ana del Chino, as per plat thereof recorded in Book 6 of Maps, page 15, records of said County bounded as above set forth, be annexed to the City of Chino; and

WHEREAS, said territory is contiguous to the City of Chino; and

WHEREAS, said territory is inhabited by less than twelve registered voters and for the purpose of annexation may, therefore, be considered as uninhabited; and

WHEREAS, said owners have filed a written consent that said territory, when annexed, may be subjected to its proportionate share of the outstanding and authorized bonded indebtedness of the City of Chino; and

WHEREAS, it appears to be for the best interest and welfare of the City of Chino that said territory be annexed;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Chino that said City Council for the foregoing reasons does hereby initiate procedings to annex said territory to the City of Chino;

BE IT FURTHER RESOLVED that said territory is hereby designated as Annex No. 13;

BE IT FURTHER RESOLVED that Tuesday, the 16 day of April, 1957, at the hour of eight o'clock P. M., is hereby fixed as the time when, and the Council Chamber in the City Hall in the City of Chino is hereby fixed as the place where said City Council will hear protests against said annexation made by any person owning real property within said territory, and any person owning real property within such territory may appear before said City Council and show cause, if any he has, why such territory should not be so annexed;

BE IT FURTHER RESOLVED that the City Clerk of said City shall cause this resoltuion to be published and notice of said hearing to be given in the manner prescribed by Section 35311 of the Government Code fo the State of California.

APPROVED and ADOPTED this 5th day of March, 1957.

Membership Drive Kick-off

Mrs. Oren Langley, membership drive worker in the current Chaffey District YR membership drive, is being shown some of the materials to be distributed during the drive. With her is Jack Brewer, membership drive chairman.

YR Seeking 100 Members

Chaffey District Young Republicans officially opened their 1957 membership drive with a kick-off meeting Monday night in the home of Jack Brewer, 1584 N. Euclid Ave., when Mr. Brewer, vice president and membership chairman, distributed membership kits and gave the group a brief orientation.

Throughout the week personal house calls are being made on former members and on many new people in the area, according to Mr. Brewer. It is anticipated that at least 100 new members will be added to the roster during the drive.

Among literature distributed during the drive is a brochure designed to give information on how the organization fits into the county, state and national level of politics.

New members and the public are invited to attend the meeting tonight in the YMCA when John Rousselot, immediate past president of the YR of California will be the speaker.

Those working on the drive are Mmes. Oren Langley, Walter Stewart, Harry Brewer, Zane Williams, A. C. Downing, David Armstrong, Jack Brewer, Robt. Walline, Frank Hutchinson, Chester Haug, Earl F. Pomije, Messrs. Harold T. Atchison, Maurice Craig, Leonard Stout, Richard Wanger, Don DeVore, Norman P. Courtney, Mr. and Mrs. Ray Ferguson and Mr. and Mrs. Jas. Ferguson.

Joseph Seitz New Booster Club Prexy

Joseph Seitz is the new president of Upland Booster club, having assumed the presidency at the Monday night meeting of the club in Upland High school gymnasium.

Elected earlier as vice president, Mr. Seitz succeeded to the presidency as Wm. Lyneis of Monte Vista, elect president, has been unable to continue in office.

Irving Brown was elected vice president to fill the vacancy created.

The third Monday of every month was established as the regular busines meeting day for the Booster club, in either the high school gymnasium or library, 7:30 p.m.

A new membership committee selected is composed of Art Valadez, Harold Baker, Walt Matlin and Joel Baugh.

Ray Davis, club treasurer, gave a financial report on the basketball awards banquet, and favorable reports on the banquet's success were heard. The annual Booster club election was planned for early fall of each year, coinciding with the beginning of the school year.

Upland Teacher Rated Top Marine Reserve Marksman

Shelby Forrest, an Upland junior high school teacher, a veteran of many years in the marine corps, has been chosen as a leader of the U. S. marine reserve team in a gunnery meet to be held in Houston, Texas, this fall.

Rated by this selection as the outstanding marksman in the marine corps reserves in the nation, Mr. Forrest has been granted a leave of absence from his clases to compete with teams from all of the reserve forces. He holds the reserve rank of major.

"Pilots who have been selected to participate in this meet are the finest in the reserve forces and it is considered Major Forrest's selection as team leader is a signal honor as his record and professional qualifications were carefully screened and compared with those of other officers who were eligible," said Col. R. A Harvey of the Los Alamitos Marine air base, Long Beach, in a letter to the Upland board of trustees.

Purpose of the meet, Sept. 24 to 29, is to determine which reserve force has the best marksmen, according to Col. Harvey.

Mr. Forrest has a long record of service in the marines. A veteran of world war II, he was recalled to duty in the Korean encounter.

Prior to Korea, he taught one year in the Upland elementary school. Five years later, he rejoined the Upland school staff. He was transferred to the Upland junior high school faculty last fall, where he is a teacher of English and social subjects.

OPEN HOUSE, TOURS AT WATER DISTRICT FACILITIES

Main Pumping Station To Be Visited On Tours

Going over the main pumping station of Cucamonga County Water district, preparatory to Saturday's open house, are Norman Hixon, manager of the district, left rear, and John S. Ingalls, on the engineering committee of the board of directors. Pumps at the main station on Archibald Ave., across from Cucamonga District school, are used to pump Colorado river water from the adjacent underground Metropolitan Water district aqueduct, to its own water lines and reservoirs. This will be one of the installation's included in the tours during the open house designed to acquaint district residents with the facilities of the new water district.

Cucamonga Co. Water District Event Saturday

Open house will be held Saturday by Cucamonga county water district with tours to be made along the recently installed district-wide water system.

Norman Hixson, general manager of the district, said the open house will be from 1 to 5 p.m.

Car caravan tours, under the direction of a guide, will leave the water district office in Cucamonga Community center at 2, 3 and 4 p.m.

10 Pumps In Use

Since residents of the Cucamonga-Alta Loma area voted water district improvement bonds, water distributing mains and reservoirs have been placed to serve from the foothills south through the district.

Ten pumps, two at each of five stations, are now in use by the water district. From the main pumping station on Archibald Ave. across from Cucamonga District School, the other four stations and tank reservoirs are stationed northward to the foothills, with the pumps at each station relaying water higher. The main station elevation is 1100 feet, with the fifth station at an elevation of 2396 feet.

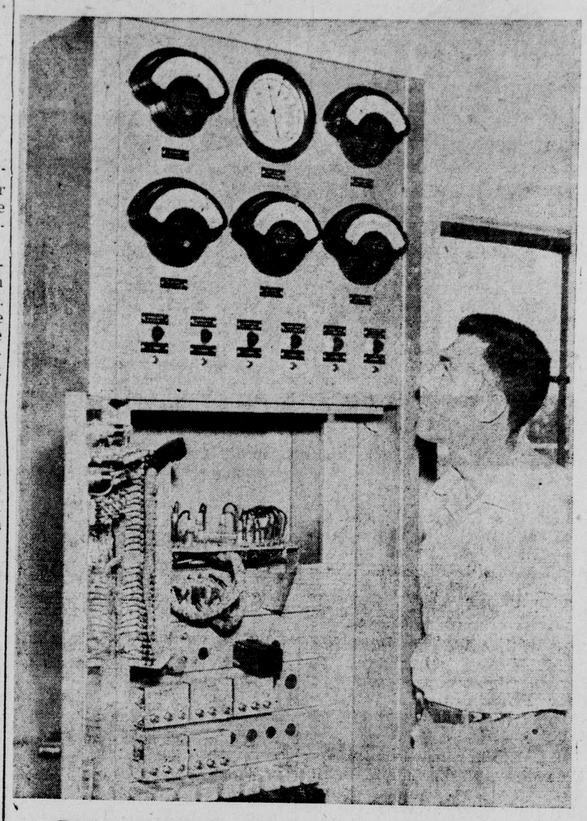

Electronic Controls

Electronic controls at the main station automatically send water to the other reservoirs as water is used throughout the system, replenishing each reservoir as its water level is lowered, Mr. Hixson explains.

These controls, the pumps in use and other facilities will be included on the tours of facilities.

Four wells have been installed at station No. 1, for boosting water from the adjacent, underground Metropolitan Water district acqueduct, into the Cucamonga district lines. Two of the pumps are now in use, with the two additional pumps to be placed in use eventually for full capacity operation. The water district now uses 1300 horsepower for its pumping equipment, but will ultimately use 2500 hp when the additional pumps are placed in use.

Electronic Controls On View

Electronic controls, costly equipment eliminating considerable manpower to operate the pumps and tank reservoirs of Cucamonga County Water district, is inspected by Norman Hixson, manager of the new but well-established water district with offices in Cucamonga Community center. Open house at the office, with tours along the district-wide water system's installations, will be observed Saturday, 1:30 to 5 p.m. Auto caravan tours will leave the water district office at 2, 3 and 4 p.m.

New Cucamonga Wash Bridge

In connection with the current flood control project, a new bridge will be built on San Bernardino Ave., across the Cucamonga wash.

M. A. Nicholas, county road commissioner, reports the present bridge will be closed to traffic on Monday, Apr. 1. He said that rebuilding was necessary for the bridge to carry legal load limits and to permit widening of Cucamonga wash.

When completed, the bridge will afford an 80-foot flood control channel and will be built to a standard 28 feet from curb to curb for vehicular traffic.

Nicholas said traffic will be detoured on Hellman Ave., Sixth St., and Archibald Ave., during the three month period estimated necessary for the reconstruction.

Bean's County Air Pollution Control Offices Moving

Air Pollution Control district of San Bernardino county will move into its new quarters Friday, according to Geo. R. Bean of Upland, director.

The offices, located at 172 Court St. in San Bernardino, have been undergoing remodeling for the past two months and will contain three offices, a laboratory, reception hall and conference room.

Bean said bids were opened Friday on all of the monitoring equipment the APCD will use in its new quarters. The monitoring equipment checks on atmospheric conditions and establishes a base for analyzing the chemical content of the air and the extent of air pollution.

World War 1 Vets Meet

E. J. Hansen, 662 N. Euclid Ave., announced yesterday that a regular meeting of World War I veterans, Ontario barracks No. 532, will be held Tuesday in the home of Commander Laurence Beaver, 1147 W. Fifth St., Ontario, 7:30 p.m.

Edward T. Neron, junior vice commander of World War I veterans of California, will be a special guest. He has just returned from Washington, D.C., as a member of a delegation which traveled to the nation's capitol in the interest of the group and its efforts toward obtaining a pension.

Election of officers will also be held with an invitation extended to all World War I veterans to attend. Mr. Hansen is a former president of the organization.

Residents On Jury Duty

Five local residents were on the sixth impanelment of 1957 jurors, drawn on Dec. 19, 1956, reporting for jury duty yesterday in San Bernardino, according to Alvin Short, court coordinator.

Area residents among the 100 names drawn for impanelment are Manson A. Somers, 642 E. Olive St., Upland; Frank Wiley, 675 W. Seventh St., Upland; Mildred A. Ogren, 8148 E. Arrow Hwy., Jen E. Goodman, 9728 Hampshire, and Jack B. Jones, 8689 Ninth St., all of Cucamonga.

The trouble with pulling strings is that you never know who is pulling at the other end.

$48 MYF Net At Benefit

Forty-eight dollars for the Frank Laubach missionary fund resulted from the benefit spaghetti dinner given Friday night by members of the high school Methodist Youth fellowship in Fellowship hall of the church.

Members of the group spent Saturday afternoon decorating the hall, transforming it into an intimate, candle-lit Italian restaurant with table appointments effectively carrying out the St. Patrick's day motif.

Background music during the dinner was provided by Caroline Prince at the piano.

Waiters, waitresses and other workers in the dining room were Glen Graham, Kirby Garrett, Ken Calhoun, Paul Edwards, Kent Mount, Mary Shaw, Joyce Smith, Lois Schubert, Linda Cameron, Nancy Nicholson, Caroline Prince, Ben Mackall, Susan Missildine, Pameal Attebury and Judy Adams.

Comprising the kitchen staff were Mrs. Clyde Mackall, Mrs. Ralph W. Lee, Dr. and Mrs. Clarence Calhoun, Miss Kay Grimmesey, Charles Adams, Mr. and Mrs. Paul Edwards, Mrs. Ralph Mount and Mrs. Mathew E. Schubert.

Upland Bldg. Average For Southland

With a million dollars in new construction during January and February of this year, Upland today ranks about midway in the list of Southern California cities on the basis of 1957 building construction.

In a list of 72 cities in a Los Angeles Times compilation, Upland ranks 37. It is ahead of many prominent Southland "boom" communities such as Hermosa Beach, Azusa, Whittier, Monterey Park and El Monte.

Toy Auction For Red Cross

Patricia Hick, 400 Hervey, and Carol Waggoner, 378 Drake, two 12-year-olds, recently decided that it was up to them to make a contribution to the Red Cross. Putting their heads together they decided that their surest source of revenue was in selling some of their own toys.

Going through their collections they set the saleable items up in the Hicks' garage, invited their friends, and held an auction sale. Result, exactly $2.75, which they turned over to the Red Cros, through Mrs. G. H. Ellerbeck, Red Cross drive team captain of Precinct 20, where the girls live.

Seldom do a man's actions tally with his good intentions.

The chain of life is forged with little rings—each word and act forming a part of it.

It's a fact that carelessness adds to the cares of life.

Yesterday Today and Tomorrow

By Gerry McGeer

It came as a suprise the other evening to see baseball players in action on the Upland High school grounds.

Which brings us to the down-to-earth facts of summer recreation.

Many mothers are saying that there could be some improvements made in the city program, that there is one segment of the youthful population for which very little is being done.

It's been pointed out that a few programs in their behalf would mean the difference between activity and boredom for many youngsters who are full of youthful spirits but have few outlets in Upland to engage them.

Certainly the projects tied in with the elementary school, summer classes hold little interest for them and those in the high school are just beyond their reach.

Last year, for a time, there was hope among some of the mothers that it would be possible to start a drama group. In the elementary school the drama project, which is an annual undertaking under the direction of Mis Esther Ziegler, is popular with the parents and the students.

There is still a possibility and a hope that this phase of recreation as a summer project will find support and sympathy with the city's recreation heads.

Some mothers believe that the recreation is a little heavy on the brawn side, with athletic activities getting too much of a play and they point out that in this climate, during the summer, less strenuous activities would be a worthwhile addition.

It has been suggested that there are places in the city that would serve as supervised headquarters for teenagers and named in particular was the Upland Memorial park hall.

One mother pointed out that there is no community gathering place in Upland for the young. Teen canteens operate with success in other cities. With the use of volunteers and the sale of soft drinks and other refreshments they can be self sustaining. Availability of such a meeting place on certain days at stated hours would do a lot for the younger teenagers.

The use of this hall as a place for dancers has also been mentioned as a possibility. This too, with the rental of the hall taken care of as part of recreation, could be run under adult sponsorship. This idea is the suggestion of a mother. While it is possible for parents to rent this hall for young peoples' parties there are many youngsters who could be included in group activities if such things were planned on a community basis.

It is something for the planners to think about. We hope they do.

AFRICAN VIEWPOINT

Miss Anna Eyster, whose African adventure was told in last week's News had a lot more to tell than could be covered in one brief interview. We asked her about some of the social problems in Africa in the light of what is happening in America today.

She said that where there had been intermarriage there is a great deal of unhappiness. The African people do not accept the children of such marriages and they do not respect whites who marry Africans. Some of her adult students chose to discuss the problem in a class seminar on one occasion and came to the conclusion intermarriage is not a good idea. Briefly, their reasons were that among themselves marriages are tabu in some instances. Another reason, which brought the discussion to a close was the fact that people are not happy if not suitably married.

RANDOM READING

Random thoughts while reading newspapers sometimes bring one up with a jolt. As for instance the words in a recent wedding story, "the romance that culminated in marriage, started, etc." We know that sometimes love does fly out the window but we don't believe in predicting it or stating it so bluntly. Some terrible things happen to our copy, as was the case last week when we had 65 people attending an Angel recital in the Foursquare church! This was the result of an extra head, that should have gone over a church story, being placed with a head on the social page. We are avoiding a certain musical gentleman of our acquaintance!

Lively Art Lecture Topic At Woman's Club Tuesday

"The Lively Art of Decoupage", discussed and demonstrated by Dorothy Bushnell Cole, will comprise the tea program of Upland Woman's club Tuesday, according to Mrs. H. Logan Locke, program committee chairman.

She is best described as an artist, lecturer and demonstrator

MRS. COLE

in a modern version of the old and simple art of trearing or cutting and pasting pieces of paper into free and pleasing designs, sometimes called "collage".

She is a graduate of Vasar college and Chicago Normal college and has studied at the Institute Allende in Mexico and the Art Institute in Chicago.

Her career as an artist began when she started working in decoupage at Cuernavaca, Mexico in 1951. She found the experience so highly exhilarting and relatively easy for thos who could not draw or paint that she decided to help others discover a talent in this art form.

Showing her own work, Mrs. Cole discusses her methods and adventures in producing it and she invariably arouses the interest of those present, whether they have ever heard of decoupage or not. Many who attend her lectures have followed through to enter a new world of creation and pleasure.

BUYS POPULARITY

A man with money can be a bad egg and still be mighty popular until he is broke.

John Roger Flammes Now Residing In Pomona

Mr. and Mrs. John Roger Flamme, after spending their honeymoon at Big Bear lake, are now residing at 689 N. Huntington Blvd., Pomona.

The marriage ceremony, performed Feb. 23, united the former Miss Carol Lee Jones, daughter of Mr. and Mrs. Chal Jones, 324 S. White Ave., and the son of Mr. and Mrs. Jack Flamme of Pomona. Evening rites, in the home of the bride's parents, were performed by the Rev. Bonnie C. Jones, pastor of Belleflower Foursquare church, who is the bride's cousin.

A street length frock of mauve silk acetate in princess style with three quarter bat-wing sleeves was worn by the bride. Her pale orchid color feathered cap was worn with a short veil and an earring and bracelet set of irridescent rhinestones was mauve tinted. Satin streamers of mauve tied her bouquet consisting of a white purple throated orchid surrounded by stephanotis.

Complimenting the bride's costume was the beige through warm tan ensemble worn by her matron of honor, Mrs. Frank Huver, sister of the bridegroom. Over a silk print dress she wore a light beige duster with a gleaming beige hat. Her corsage was of white carnations.

Carl Flamme was his brother's best man.

Following the marriage rites a banquet was served in Wilson's restaurnat, LaVerne. Those present were members of the wedding party and family members present at the ceremony.

Mr. Flamme is employed as a machinist for Fairbanks Morse and Co., Pomona. He is studying, mechanical drafting.

Four Achieve Full Status

Four provisional members, Mmes. Geo. A. Chalfant, Clifford Downing, Frank W. Hutchinson and Harold H. Royaltey, were welcomed into active membership at a meeting of Assistance League of Upland, in the home of Mrs. Wilbur J. Weisbruch, 7465 Camino del Norte, Cucamonga, March 12, by Mrs. Wayne F. Cameron, president. All four received corsages.

Mrs. Geo. E. Yetter, co-chairman of the Cucamonga Youth center, reported on a meeting with the executive board of the Assistance League of Long Beach, which she and Mrs. J. Thomas Wallace recently attended. While there the Upland members toured the West Long Beach Girls club and collected material on its operation as an affiliate of the Girls' clubs of America, Inc. She stated she believes membership in the national group by the Cucamonga Girls' club would be helpful to the local club.

Mrs. Clark W. Green, a member of the recently formed research project committee presented a paper on the "Corral", a youth center in LaGrange, Ill., which has been serving teenagers for the past 12 years.

Mrs. Neal A. Lashlee and Mrs. Robt. S. Walline were elected to the nominating committe and will serve with Mrs. Wayne F. Cameron and Mrs. Edgar J. Summerhays Jr., selections of the executive board.

Mrs. Green, rummage sale chairman, announced a sale to be held Mar. 29 and 30 at 281 N. Second Ave., formerly Haack's. Household articles and furniture in addition to clothing will be featured. Those wishing to donate should contact Mrs. Green at 6-5567 for pickup.

Mrs. Cameron, who presided, thanked Mrs. Thos. Dugan, and her committee, who were in charge of the Valentine ball.

Future Nurses

Members of Upland High school Future Nurses club attended a tea in Los Angeles County hospital and toured the institution on Saturday. This was an event planned for Future Nurses clubs from Southern California high schools.

Upland students attending were accompanied by Mrs. Albert Moore, faculty adviser, and Mrs. Lawrence Parker, club sponsor. The members included Betty Wilkens, Susan Beckley, Ellen Freeland, Nancy Lineberger, Marilyn Sylvia, Jody Erisman, Jodell Adams, Carol Tronstad, Judy Glencoe, Mary Montez, Carol Bennett, Jan Shakelford, Frances Juarez, Mary Sanchez, Rebecca Herrara, Alice Martinez, Natalia Andrade and Liz Steen.

Club officers are Mis Andrade, president; Marie Ann Patane, vice president; Miss Adams, secretary-treasurer, and Elaine Quashnick, corresponding secretary.

Tells Wives Of Travel Books

Dr. Pearl E. Clark, assistant director of Chaffey college, will speak on recent travel books at the meeting of Chaffey Wives club, Tuesday, 7:30 p.m., in the Student Union bldg. Mrs. Harold Stickney is chairman and Mrs. Denis Smith co-chairman of the event.

SELF RELIANCE

Every young man has to learn to paddle his own canoe, even if his father owns a yacht.

Mrs. Gerald O'Steen, Officers Installed At Sierra Vista

Mrs. Gerald O'Steen was installed as president of Sierra Vista PTA to succeed Mrs. Vaughn Dunlap at the meeting of the PTA held Thursday.

Mrs. Leroy Lutz, president of the Ontario council of Parents and Teachers, was installing officer. Installed with Mrs. O'Steen were Mmes. Rayburn Anderson, financial secretary; J. E. Jordahl, secretary; Ira Holland, treasurer; Hugo Vavrinek, auditor; and Thomas Gibson, historian. Each was presented with a camellia corsage.

Committee chairmen, appointed by Mrs. O'Steen to serve for the coming year, and introduced were Mmes. Harry Brewer, budget and finance; Norman Arnett, hospitality; Howard Breeding, membership; Harold Camilli, program; John Harrah, publicity; G. H. Tatham, Viewetee; Virgil Williams, radio, T.V., motion pictures; Thomas Barrow, room mothers; Ralph Williams, safety; Robert Sherwood, welfare; Edward K. Hansen, health; J. W. Masters, character education; Alvin Howell, parent education; Francis Wilson, parliamentarian, Clive Warner, legislation.

The Pledge of Allegiance was led by Brownie troop, No. 148, under the leadership of Mrs. Darwin Parker, Mrs. John Kolb gave the inspirational message.

Mrs. Arthur Lichti, historian, gave the history of accomplishments of the PTA for the past year.

Mrs. Richard Whittaker was in charge of the program, which featured safety. Mrs. Rayburn Anderson, safety chairman spoke stressing the importance of parents setting the proper example for their children and in general teaching them good habits of safety in the home and outside. A safety film was shown, followed by a clever fashion show. Hats were designed by members and featured hazards in the home. Mrs. Burton Jackson was commentator and millinery was modeled by Mrs. Dunlap, designed by Mrs. Robert Cameron; Mrs. Wishard, her own design; Mrs. Howard Breeding, designed by Mrs. O'Steen; Mrs. Anderson, her own design; Mrs. J. E. Jordahl, designed by Mrs. Camilli and Mrs. Allen Palmer; Mrs. Lichti, designed by Mrs. Horton Swisher; and Mrs. Burton Jackson, her own design.

A game was then played by Rayburn Anderson, Mrs. Alfred Elliot, Bailey Wishard, Mrs. Larry Burgan, Gerald O'Steen and Mrs. Maurice Long to show how repetition of a story changes it and gossip is the result.

During the social hour, refreshments were served by Mrs. Thomas Barrow and Mrs. Jack Newsam, second-grade room mothers. Miss Elsie Gibson and Mrs. Howard Merrill presided at the tea table.

Charity League Plans Affairs

Foothill chapter, National Charity league, meeting recently in the Stuft Shirt restaurant made plans for future activities of the various Ticktocker groups which the league sponsors.

Mrs. Douglas Sage, president, announced the annual presentation tea will be held May 25, with Mrs. Herbert Van Brunt acting as general chairman. Mrs. Leon Lucas, serving as mistress of ceremonies, will also give the presentees prior instruction for the affair, which will be held in the garden of the J. Dewey Harnish home.

Announcement was also made of a father-daughter brunch on April 28, in the Stuft Shirt.

Fifth through 10th grade girls will meet April 6 instead of April 13, as previously scheduled. Senior girls will hear a talk on poise and charm by Mrs. Walter J. Monia, past national president on April 30.

Mrs. Arnold Abbott presented a report on the Layette committee of which Mrs. Ben Vizio is chairman. Mothers and girls have completed 48 layettes which have been sent to San Antonio Community and Pomona Valley hospitals.

Named to the nominating committee by Mrs. Sage were Mmes. Truman Ackerson, Henry Busch, L. J. Barden, Elmer Carlson and Vizio. Ballots will be mailed to members during April and officers will be installed at the meeting in May.

MRS. BROGAN HOME FROM HAWAIIAN TRIP

Mrs. Maud Brogan, 43 E. Arrow Hwy., is back today from a two week vacation in the Hawaiian islands. She made the round trip by airliner.

On the Islands she joined Mr. and Mrs. Harold Snyder, formerly of Upland, who now live at Corona del Mar. Mrs. Snyder and Mrs. Brogan are sisters. Mr. Snyder won the trip for his leadership in sales for a large real estate organization.

Mr. and Mrs. Snyder were passengers on the Lurline and Mrs. Brogan timed her departure and arrival to coincide with the Snyders' stay on the mid-Pacific vacation paradise.

A thrilling vacation was reported by Mrs. Brogan, who is employed by the J.J. Atwood Co.

Stawickis Host Eastern Guests

Mr. and Mrs. Paul Adair and Mrs. Jessie Adair are the house guests of Mr. and Mrs. Mitchel Stawicki and daughters, 854 N. 10th Ave. The Adairs, and Mrs. Jessie Adair, who are Mrs. Stawicki's parents and grandmother, respectively, are spending their annual visit and are visiting places of interest in Southern California before returning to Gary, Ind., where Mr. Adair is with U. S. Steel.

They plan to retire in Upland.

Mrs. Stawicki is the Hospitality Hostess of Upland.

Newest Garden Rage

Another Blessing For Californians; Lily Pools Make Life Much Easier

Mr. and Mrs. Ted Uber of the Van Ness Water Gardens discuss the beauty of a rare blue tropical lily with Mr. and Mrs. Perry D. Slocum of Binghamton, N.Y. when the latter were visiting them in Upland. No type of floriculture is currently more popular all over America and the Ubers are now busy shipping lilies grown in Upland to distant countries.

By GERRY McGEER

Californians can add another blessing to the many that just living in the state brings, that is if they want to get out from under the arduous work of gardening! At the same time they will be getting in step with one of the newest fads that is sweeping the country.

The idea is to plant a water garden. Once the garden, which may be in a tub or a pail, or a pool half the size of lot, is established, it doesn't have to be tended, except for very occasional cleaning and of course adding of lilies, aquatics, which to the unitiated is a broad term for other water plants. Fish, of course, are a must for a water garden. Their purpose is to eliminate mosquitoes.

Californians are lucky with respect to water gardens, according to Fred Slocum of Binghamton, N. Y., one of the country's most successful growers, because the season of bloom is so much longer here than it is in other parts of the country.

"Everyone in California should have a water lily garden," Mr. Slocum said when he was in Upland not long ago. "Besides being the easiest to care for they are the most rewarding of all gardens."

Water lily lore and orders were exchanged by Mr. and Mrs. Ted Uber, who operate the Van Ness Water Gardens in San Antonio heights, and Mr. Slocum. This is the time of year when the interest of water lily gardeners stir and they begin to choose their plantings.

Activity at the Van Ness gardens is getting into high gear these days with a large order just being shipped to the DAIIchi Seed Co., in Tokyo. The order included both hardy and tropical bulbs, according to Mrs. Uber.

We asked her some do's and dont's for water lily novices.

First and most important, she said, is to place the lilies where they will have plenty of sun. Water lilies are not for indoor planting. There are many aquatic plants that serve this purpose and the wide variety of fish available will supply the color desired!

Many people, including the Slocums of New York, started their water lily experiences by growing them in tubs. This has since become a rage and it has the advantage of being inexpensive and serving as a trial run.

A variety of receptacles serve as tubs, including bath tubs, down to wooden tubs, galvanized tubs and buckets. If this type is chosen they should be sunk about halfway in the ground and may be built up with rocks and plantings of reeds, iris, or many other plants that will serve to add to the interest of the planting. Experts describe this as "naturalizing".

There should be four inches of soil in the tub. Hardy water lilies should be planted horizontally while tropical lilies should be planted upright. The other plants you can use to add to the surface beauty and to oxygenate include a wide variety. Some of them are bloomers. Equally important are the snails and fish which serve as scavengers.

Once interested it is likely that your collection will exceed your space and you will be planning a pool. That is where ease in gardening enters the picture, but not of course until the pool is built and the plants and other life established. Directions on cement pools are easily available and are quite inexpensive to construct.

As the Ubers and the Slocums insist, from then on, depending on the size of your pool, gardening is going to be a lot easier!

Obernkirchen Choir Coming

Some of the "Angels in Pigtails" of the OBERNKIRCHEN CHILDREN'S CHOIR who will appear in Gardiner Spring auditorium on Saturday evening, March 23, at 8:15 o'clock.

Obernkirchen Children's Choir will be presented Saturday, 8:15 p.m., in Gardiner W. Spring auditorium as the final concert of the season for Ontario-Upland Community Concert Assn. New members, who joined during the recent membership campaign, will be admitted on presentation of their membership stubs.

The choir, comprised of 30 shining-faced and fresh-voiced girls and six boys, have gained tremendous popularity in this country since their first tour in 1954, when they were virtually unknown.

Wherever they appeared they were a complete sell-out. In New York their Town Hall concert was so enthusiastically acclaimed they made four more Town Hall appearances. They were on coast-to-coast radio, on Ed Sullivan's TV show and they have been featured in Vogue magazine.

The choir was founded by its director; Mis Edith Moeller, then a social worker, who was seeking a means to raise funds for an orphanage in her home town of Obernkirchen in Saxony, in the British sector of occupied Germany. It was Miss Moeller's plan to hold local concerts to raise funds. Discovery of the group by a Royal Air Force officer led to fame and a much wider audience. Theme song of the group, "The Happy Wanderer", written by Wilhelm Moeller, Miss Moeller's brother, has become a passport to world citizenry.

The program includes di Lasso's "Echo Song" and "The Soldier's Serenade", Austrian, Russian, Bulgarian and American folksongs; "Sonnenlied", by Armin Knab, "Freund Husch" by Joseph Hass, and two songs by Wilhelm Moeller.

Buffet Dinner March 30 Benefit For Children

A buffet dinner to benefit crippled children of Casa Colina and work of Pomona society for Exceptional Children have been announced by Kappa Sigma chapter, Epsilon Sigma Alpha, for Saturday, March 30, 5-7 p.m. in the Ontario Woman's club house.

Adult tickets are $1.50 and for children under 16, 75c.

Upland members of the sorority working on plans for the event are Mrs. C. Albert LeFevre, Miss Velma Owen, Mis Alice Rose Wilson and Miss Madonna Harney.

Noreen Dahms Plans To Wed

Miss Noreen Elaine Dahms and Marshall Ray Learmont plan to be married during the summer, it was recently revealed.

She is the daughter of Mrs. Lydia M. Dahms, 729 E. F St., Ontario, and the late Carl J. Dahms. Mr. Learmont is the son of Mr. and Mrs. Everett F. Learmont, 111 N. Grove Ave.

Miss Dahms is a graduate of Chaffey high school and attended Chaffey college before enrolling in Woodbury college, Los Angeles, from which she graduated as a secretarial major. She is currently employed as a secretary for the Oil Well Supply Div., United States Steel Corp.

Mr. Learmont, who also was graduated from Chaffey High school, and attended Chaffey college, has been employed in an Ontario bank. He left Monday for San Antonio, Tex., where he will take basic training with the U.S. Air Force.

Open House At Leazelle's

Mr. and Mrs. John B. Leazelle, 208 S. Euclid Ave., who are celebrating their 45th wedding anniversary today are holding an open house, to which all friends are invited.

They were married in Baltimore, Maryland, and came to California in 1930 and to Upland in 1949. Both were in government service in Washington, D. C. He is a veteran of the Spanish American war and has not been in good health recently. As far as is known he was the youngest U.S. soldier serving and enlisted at the age of 14 years. He served in the army for six years.

Wednesday evening they were joined by her brother-in-law and sister, Mr. and Mrs. Val Kaub, Ontario, at dinner in the Stuft Shirt restaurant.

Tell Secrets Of Grooming

The right and the wrong way to dress, narrated by Mrs. A. G. Campbell, was the title of a brief style show presented at the recent meeting of Upland Business and Profesional Woman's club in the Upland Woman's club house last week. A humorous note was injected by Mrs. C. J. Bennett's wardrobe for the occasion.

The program featured education, health and grooming as equally important to the advancement of women in business. Mrs. Earl Ammons, education and vocation chairman and members of her committee were in charge of arrangements.

Mrs. Maria Miller, Upland college student, who was awarded a monetary scholarship by the club, spoke on the subject. Mrs. Douglas Black told of the Ford Foundation fund for the Advancement of Learning and how it is helping provisional-licensed teachers to become fully accredited. She stated that the expected need for teachers by 1965 will be 182,000.

Miss Florence Andrews, dietician, and Mrs. Geo. Miles, spoke on diets. Mrs. LaVaughn Moberly spoke on cosmetics, and two new hair styles, modeled by Mrs. Don Hewitt and Miss Dora Simoni, were executed by Mrs. Gloria Tristany.

A short business meeting was conducted by Miss Velma Owen, president. The table decorations were carried out in a St. Patrick's Day theme.

OES POTLUCK

Upland chapter OES will meet Monday, 8 p.m., in the Masonic temple with a potluck at 6:30 p.m. preceding the business session. Roy Bowman of Pomona will speak on the Clifford Lee Cancer fund.

Things may not come to those who wait, but it takes some people a lifetime to find it out.

Florence Nightingale Had Determined Will of Steel

Dr. Wayne F. Cameron, speaking Monday to members of the San Antonio Community hospital Women's auxiliary, in the Barr solarium, told the story of Florence Nightingale.

He said the legend of the pioneer nurses' sweet and gentle way was not the true story. Florence Nightingale had a will of steel and exercised it.

Born the second daughter of English gentlefolk, she struggled for years to lead a useful life, much against the will of her family. She attended the bleak deaconess school of nursing in Germany for training and later became superintendent of a hospital for gentlewomen in England. In a day when hospitals were bleak and nurses were not among the respected of the community Miss Nightingale studied to become an authority on hospitals and sanitation.

Sent To Crimea

Sent to Crimea, at the request of the British secretary of war, she found appalling conditions as the leader of a band of 24 nurses. There were literally no medicines nor supplies, nor where there beds, blankets, soap or food. After she had cleaned up the old barracks used as a hospital the death rate dropped from 73 per cent to 2.02 percent. She herself supplied food and supplies required.

Returning to England she continued her campaign, going on to reform the British medical service, bringing into being an army medical school. Her "Notes On Hospitals," published in 1859 brought about a new era in hospital technique.

Miss Nightingale received the Order of Merit from Queen Victoria. She went into seclusion in 1910 at the age of 90 years.

Nominating Group

Mrs. Leslie Hoag, program committee chairman, introduced Dr. Cameron. During the business portion of the meeting conducted by Mrs. Robt. Walker, president, the nomination committee was named and will consist of Mmes. L. J. Barden, A. A. Aita and Mrs. Robt. Bowman.

Mrs. E. F. Pelton, membership chairman, announced there are 144 paid members. Mrs. Bowman, organizational membership chairman, stated 41 clubs and groups have paid membership.

Mrs. Earl Johnson, sick baby fund chairman, reported four babies cared for at a cost of $848.54. Mrs. Norman Lawson, free bed fund chairman, stated no cases were cared for during the past month.

County Agricultural Awards Made

Cite Dahlem, Klusman, Lucas For Service

Three agricultural leaders of this area, D. J. Dahlem, John H. Klusman and Henry L. Lucas, are among 13 persons from the field of agriculture throughout San Bernardino county selected for awards from the Board of Trade of San Bernardino county.

Presentation of the annual Agricultural awards was made last week at a dinner which marked the opening of the 42nd National Orange show in San Bernardino. Awards consist of meritorious service scrolls.

This year's winners represented many segments of the agricultural enterprise, an industry that added a record $118,418,009 in gross returns to the economy of America's largest county in 1956. This figure represents a major percentage of the county's total net effective buying income of $581,385,000 for 1956.

52-Year Resident

Long active in community and county affairs, Mr. Dahlem came to Upland 52 years ago this month, in 1905, and shortly thereafter the family moved to a 20 acre citrus ranch in Alta Loma. He attended Pomona college and assisted his father on the family ranch, where he lived until only recently.

In his efforts to aid his fellow agriculturists, Mr. Dahlem has maintained seasonal rainfall records for Alta Loma from 1905 until the present.

Active Civic Leader

For many years, the Alta Loman was active in Boy Scout work, served 20 years on the Ioamosa-Cucamonga Water development board of directors, eight years on the Hellman Water Co. board, and 15 years on the Cucamonga Growers service board, five of which were served as president.

Long active in county Farm Bureau work, Mr. Dahlem served as a director for many years and as president for 1946-47. He has also served as chairman of the county tax committee.

Cucamongan 63 Years

A pioneer Cucamongan, Mr. Klusman arrived in that community in 1894. He worked for five years in the vineyards before going into a partnership on 100 acres with ex-congressman Haywood Post.

They planted this acreage in vineyard and continued to add acreage and increase the vineyard until they had 360 acres, after which they built the Virginia Dare winery at Foothill Blvd. and Haven Ave. at a cost of $137,000. Simultaneously they purchased the remainder of that section of land, in 1909.

Founded Winery

In 1910, on opening day at the winery, a majority of the valley growers brought their grapes to the new winery and lined up for a mile to deliver their produce.

When prohibition came in 1918, Mr. Klusman planted 100 acres of peaches in the vineyards. In 1919 he sold the winery to Garrett & Co., and used part of the money from the sale to build the present Sycamore Inn. He then bought the citrus orchard where his home is now located, 8841 Foothill Blvd.

He founded Cucamonga Water Co. and served for many years as president. Now retired, he is held in high esteem for his accomplishments, his knowledge of water problems, and the active part he has taken in civic affairs of his community.

County Leader

Third agriculturist from this area honored, Mr. Lucas is also retired from agriculture but he continues actively in other interests. For many years part owner of the Lucas Ranching Co., which has since been sold, he has served the county Farm Bureau as vice president, treasurer and as chairman of the water problems department.

An active campaign to promote driver training in the county high schools was one of his many successful projects. He is past president of the San Bernardino County Credit Assn. and currently serves as president of San Bernardino County Mutual Fire Insurance Co.

Throughout his long years of service to fellow agriculturists and his community, Mr. Lucas has served in various official capacities for the State Farm bureau.

He and his family are well known as large agricultural operators in grapes, citrus, dairying and annual crops.

Buffington Re-Named Head Of S. A. Water

Frank C. Buffington is at the start of his 11th year as president of the San Antonio Water Co., having been reelected at the reorganization meeting of the newly reelected board of directors.

He presided at the recent annual meeting when the board was chosen by the company stockholders to continue in management of the organization. Harold S. Stewart is vice president and C. Don Adams will continue as secretary-manager.

Directors are Mr. Buffington, Mr. Stewart, Nelson A. Gray, Lonnie Blanton, Walter V. Moffitt, Warren H. Wass and Geo. H. Whitney.

Intramural Track, Field Meet Today At Junior High

An intramural meet at Upland Junior High school this afternoon will launch the track and field season on the campus, with Coach Bernell Gregory in charge.

Next Thursday, March 28, the school thinclads will host the Mt. View team for a dual meet. A triangular meet with La Verne and San Dimas at LaVerne is scheduled for April 4, followed by the league competition April 10-11 in Upland.

On April 10, the "B" and "C" league meets will be held on the local Jayhi track and field, starting at 2 p.m. The league "A" competition will follow on April 11 at the same hour.

Chaffey Board Considers Reports

SELECTION APRIL 1 FOR COLLEGE SITE

SELECTION APRIL 1 5 cpas

Selection of a site for the new Chaffey college campus in the Etiwanda-Alta Loma districts is scheduled for the April 1 meeting of the college board of trustees, according to Superintendent Daniel B. Milliken.

Six groups or agencies have been asked to rank the five sites now under consideration for the new college site. Each of these rankings will be considered by the board in making the final selection, and each ranking will represent a totally different point of view.

Reports requested ranking the sites are the following: A Lay committee of 14 members, to report public opinion on the sites; a combination report from the county superintendent of schools' office and the State division of school planning, for the professional educational point of view;

Report of Dr. William Briscoe, director of the UCLA survey, for his well-qualified opinion; combined decision of the Flood Control district and the opinion of the college staff, which will give the point of view of those who will be working on the campus, and the architect's report, giving the opinions of the architect and engineer.

The Lay advisory committee is meeting Tuesday, 7:30 p.m. in the Board room of the college, according to Supt. Milliken, who has requested all six reports be submitted by April 1 so that official action can be taken by the trustees at that time.

Edison Engineer Cucamonga C of C Speaker

F. J. Rohring, industrial engineer for Southern California Edison Co., will tell about his company's industrial development service when he addreses a 7:30 p.m. dinner meeting of Cucamonga chamber of commerce Tuesday, in Red Hill Country club.

Rohring, who serves as a liason between industries seeking new sites and communities looking for new industry, will explain how the Edison Co. assists communities in securing carefully selected industries which will provide jobs and create more economic stability for entire communities.

His appearance at the C of C dinner was arranged by Don M. Smith, Edison district manager.

The event marks the third annual meeting of the Cucamonga C of C, of which Vern Hinrichsen is president. Tickes are available at the C of C office and with the directors.

Chaffey Board Receives First Recommendation

Architect-Engineer Report Favors Wilson-Haven Ave. Campus Site

A quarter section site south of Wilson Ave. and east of Haven Ave., extending one half mile on each street, is favored for the new Chaffey Jr. College campus by Austin, Field and Fry, architects and engineers for the college district.

This decision is reported in the site evaluation report and selection brochure received by the Chaffey college board of trustees this week, and subsequently released to the press. The report is the first received by the board of six college site studies and recommendation reports requested of six groups, each to consider the five favored sites in the Etiwanda area from different viewpoints.

Sites Ranked

Second choice of the architects and engineers is the 160-acres south of 24th St. and west of Etiwanda Ave. Third choice is the half mile square parcel north of Highland Ave. and east of Haven Ave. This site borders the architect's first choice site on the south.

Not favored but the fourth site in the order given is the quarter section north of Highland Ave. and west of Etiwanda Ave. The fifth site considered is south of Highland Ave. and east of Haven Ave.

Conditions Reviewed

In making their recommendation, the architects and engineers reviewed flood control, freeways, roads, fire control, wind, zoning, view, railways, water, sewer, gas, electricity, telephone, site clearance, earthwork and soil, and their relationships to the proposed campus.

With many of these items relatively comparable, the remoteness of the freeway, the minimum problems caused by winds, and the preferable topography offering the most interesting planning opportunities, the firm made the Wilson-Haven site their first choice.

Covered By Brush

The architectural firm reported that by use of U. S. geological survey maps and by a rough field check, it was determined the favored site is covered only with brush growth, while the other sites have growth ranging from grape vines, citrus and brush to eucalyptus windbreaks. They also report the favored site has no structures thereon, while the other sites have three or four buildings that would necessitate removal.

They concluded, however, that site clearance should be done in conjunction with site planning and landscaping. Wherever windbreaks are in a position where they are effective and decorative they should be retained. Areas not immediately required for campus improvement should be kept in agricultural production, if profitable, they added.

Favor Slope For Campus

Topography of the one site was favored because of its greater slope, offering greater opportunities for the development of a more interesting campus by allowing architectural planning of grounds and buildings at different levels. The soil bearing value was considered relatively similar at all sites, but the quantity of productive soil was reported progressively greater in the southerly sites.

More Than 200 At First Basketball Banquet

Trophies To Robledo, Boswell, Davis, Buchanan, Gates, Keller

More than 200 persons have the distinction of having been present Thursday night for the first annual awards banquet for Highlander basketball teams, sponsored by the Boosters club, which was also the first major banquet held on the Upland High school campus.

Awards were presented by the school coaches with head Coach Jerry Kehr making introductions. Varsity team awards went to Lino Robledo, most valuable player trophy; Tom Boswell, most improved player trophy; and Dave Grace, captain's medal.

Davis Takes Trophy

Class "B" team was significantly represented, as Jim Davis took the free throw trophy, presented to the member of any of the four teams with the highest free throw average for the season. Jim had a 72 percent average, and also led the scoring for all teams during the season.

Art Buchanan was awarded the "B" team's most valuable player trophy. Most valuable player trophies for the C and D teams were presented Mike Gates, of the C team, and Bob Keller, of the D quint. Captain's medals were also received by John Grace, B team; Frank Batchelor, C team, and Doug Wulf, D team.

Speakers Well-Received

Russell Reynolds, freshman coach at Pepperdine college, served as after-dinner speaker, presenting an effective talk on the character necessary for a champion athlete, and the character building values of athletic competition.

Dr. Earl L. Riley of Ontario First Baptist church, former little All-American at Redlands University, served as master of ceremonies and delighted the crowd with his humorous remarks.

Others seated at the speaker's table were Harvey Shirk, Upland High school athletic director; John Burnison, Chaffey college grid coach; Alexander McLeish, Upland High school principal; Ray Davis, treasurer of the Boosters club; and Highlander Coaches Jerry Bell, Gus Rischer, Bill Wolfe, Harley Lovitt and Lloyd Conner.

Boosters Do Fine Job

As no kitchen facilities for preparing the banquet are available in the school library building, the Boosters club members necessarily prepared the food at their respective homes, and served a cold menu. However, it was well received by those present and the group is to be lauded for unusually efficient planning and service, and a delicious dinner.

Highland Wives, wives of Upland High school faculty members, joined with Boosters in serving the dinner. Those working during the evening included the following:

Messrs and Mmes. Edward K. Hansen, Ray Davis, B. M. Pace, Milo Wolfe, Fred Beal; Mr. Irving Brown, and the Mmes. Raymond Kay, Jas. Dooman, Naomi Baker, Alexander McLeish, Jerry Kehr, Lloyd Conner, Harley Lovitt, Paul White, Elliot Weir, John Robison, Gus Rischer, Harvey Shirk, Tom Maxwell, Dale Stevens, Wm. Ryan, B. Maxie and Walt Matlin.

Allura Dairy donated milk and ice cream for the banquet.

FEW QUALIFY

It is very true that only about one man in a million catches up with that promising future.

Warders Admonishes Youths To Sign For Little League

This is the admonition today to all youngsters in the Upland district who want to be on one of the many teams in the popular diamond sport starting early this summer. Additional places are available for boys who want to play, providing the candidates register immediately at Rowe's Sporting Goods shop, Second Ave. at C St.

Garwood Warders, head of Upland Little League commission, urged youths to register "and when we find out the number of interested boys we can plan accordingly."

When the registration is complete, boys will be assigned to various teams and definite schedules will be made. It is, therefore, important to the officials to find out now how many boys will be available.

"And so, please sign up within the next few days — or it will be too late," Mr. Warders declared.

HARLEM CLOWNS vs. ALL-STARS

Key Club, Hi-Y Preliminary At Seven

A first rate spectacle, some razzle-dazzle basketball, plus planned and spontaneous comedy, are on hand for sports fans in Upland High School gymnasium Friday, when the Harlem Clowns invade the local court.

An Upland All-Star team will be out to hold the Clowns at bay, but a local victory is not anticipated in view of the fact the clowns completed their 1955 and 1956 seasons undefeated, with a 143-game win streak, and remain undefeated this season.

Kiwanis Club Event

Upland Kiwanis club is sponsoring the local appearance of the Clowns, as a benefit for the Kiwanis youth and charitable projects, with Frank Rocchio and Alexander McLeish supervising the event.

The main event between the Clowns and All-Stars is scheduled for 8 p.m., with a seven o'clock preliminary game to see the Upland High school Key club and Roman Hi-Y club in action on the hardwood.

Not yet complete is the All-Star team to host the Clowns, but Upland High's coaching staff is contributing four of the ball bouncers, namely Gus Risher, Jerry Bell, Jerry Kehr and Lloyd Conner. Pepperdine college will provide three more hoopsters, and other team members are yet to be selected.

Remarkable Record

A record such as that of the Clowns is all the more remarkable when it is considered they play a different team every night, often seven nights a week and travel from 150 to 300 miles between each game.

Unlike some traveling clubs that carry their own opposition, the Clowns take on all comers and some of it gets pretty rough. Hometown teams would like to beat the Clowns and sometimes do, but you can count the Clown losses on your fingers.

With flashy passing routines and comedy stuff, the Clowns often find themselves in tight situations, however, with only a one or two point advantage with seconds left to play. A long field goal by the opposition in such a situation could easily upset the tremendous record they have compiled.

Tickets On Sale

Victory is desirable but not all-important to the Clowns, despite their record of consecutive victories. Fans like to see them put on a good basketball show plus a lot of comedy and the Harlem boys try their best to please.

Such will be the case Friday night in Upland. Tickets for the event will be on sale at the gymnasium entrance, and are now available from Upland Kiwanians.

HARLEM CLOWNS — These are the boys an Upland All-Star team will face Friday night in Upland High school gymnasium. The Clowns will appear in the 7 p.m. game under sponsorship of Upland Kiwanis Club, as a benefit for the club's youth and charitable work in the community. A preliminary game will also be played. All Upland Kiwanians are selling tickets and they will be available at the door. Tickets are $1 for adults, 75c for students, and 50c for children under 12.

When Will YOUR Ship Come In?

In great-great-grand-dad's time men would sometimes buy a "piece of a ship"—invest in a trading voyage to China or the Indies. "When my ship comes in, I'll be rich," they would say. Sometimes fortunes were made; just as often the ship was never heard from again and the investment was a dead loss.

Today's Safe Ship Is A Savings Account!

In 1957, when you open a savings account here, you invest in the commerce and industry of all America. Your "ship" is always safe . . . your savings account here is Federally insured up to $10,000.00! And you can start an account with as little as one dollar. Open your account now, add to it regularly and see how quickly your ship will come in!

Protect your engine with Heavy Duty RPM Motor Oil

Heavy Duty RPM Motor Oil protects gasoline engines against three basic causes of damage: carbon deposits, rust, and wear. A detergent washes away deposits — keeps them from adhering to engine surfaces. Other compounds prevent rust formation, crankcase foaming.

A tough film of oil stays on vital parts, whether engine is hot or cold, running or idle. So for longer engine life, drain and refill regularly with Heavy Duty RPM Motor Oil.

Keen Interest in City Should Be Maintained -- After Eruptions

Management of municipal business is serious business.

At this moment, the biggest construction project in the city's history — an enlarged sewer system — is under way. At this very moment, in case of emergency, you expect to get action from either the fire or the police departments.

The city-owned water department must be continued on a solid basis. The continuing street-maintenance program must be handled efficiently. The building department, the engineering work and even the daily trash pick up and disposal are other services that must be provided on a regular, dependable schedule.

These comments are timely in the light of "eruptions" in the city hall here since the first of the month and in the light of petitions that are scheduled to be filed with the Upland city councilmen tonight.

Consideration of personalities is vital in all cases, for the human factor is always very important.

By and large, however, Upland taxpayers and residents are concerned with the maintenance of adequate municipal facilities and services — at all times. Changes may be made in personnel from time to time, for valid reasons, but the fact remains the city business must be continued without any interruption.

If City Manager Elwin Alder has made enough serious errors to prove that he is not capable of managing the city, he should be removed, as is the objective of the petitions.

And it is well within their rights for local citizens to petition the city council for his removal. And the city councilmen should give that petition serious consideration.

The same group seeking Mr. Alder's ouster are also seeking to get Ralph H. Palmer returned to his position as police chief. Such petitions may be somewhat naturally a part of a disturbance that occassionally hits a community.

In the long view of the situation, such actions may be good for a community. As of this moment, more people than in many years are showing interest in the city hall business. It would be highly commendable if this keen interest in local affairs could be maintained month after month — and not just when eruptions occur.

In other words, some good can come out of the current situation if there is developed an active and continuing interest in the municipality.

As for us, we have faith in the city councilmen — and the city manager.

Higher School Taxes Needed To Maintain Teaching Staffs

Most school districts in Southern California need more teachers.

That is the situation in the Upland elementary schools and at the Chaffey and Upland high schools. Keen competition, therefore, prevails for school teachers over a wide area. One district raises its salary schedule to appeal to teachers. Another district raises the pay — and thus the pattern is set.

That is one main reason why local taxpayers are being asked to increase the tax rates for the Upland elementary school district and the Chaffey high school district. "Excess" tax rates have been called for the May 17 school elections. An increase of 65 cents in the rate is sought for the Upland district and an increase of 37 cents for the high schools.

In general, the salaries in Upland would be increased at least $400 a year for each teacher. In addition, many new teachers must be hired to handle the anticipated enrollment next September.

Taxpayers, will give the answer on May 17. If they approve the "excess" tax rate, the local schools will be in a better competitive position to keep and to get qualified teachers. If the rate is not approved, it is likely some of the best teachers would accept higher pay elsewhere and it would be difficult to get a sufficient number of teachers to provide for the increased enrollment.

To a great extent, taxpayers must rely on the recommendations of school board members and the school administrators.

They tell us: "If you want good teachers and if you want to maintain the right number of pupils in each room, it will be necessary to increase salaries to keep and to get teachers."

So, it is up to you.

Sharps and Flats

By Chuck Barlow

After getting stymied in a shoe store the other day, I've decided the shoe manufacturers are in league against American womanhood. While waiting for the owner to finish waiting on customers, I surveyed some of the knobbiest hoofs ever put on womanhood.

How can a beautiful woman, with such beautiful hands have such ugly feet? This question popped into mind as I perused the pedal extremities of this shoe merchant's customers.

After mulling this over for about five minutes, I was struck by the thought that the shoe manufacturers have it planned this way.

In the name of fashion a woman would wear celery stalks braided in her hair. Dame fashion makes the demand and women comply. This principle has been the great undoing of women from the ankle down.

Shoe manufacturers start when a baby leaves the cradle. They lump feet as feet and make one overall fashion for the toddlers. If the child has extra wide feet they land in shoes that are extra long.

This continues through subteen and teenage days. In my case, I am pampering two ingrown nails that were started in my teens. My feet are narrow. The shoe clerk fit me sideways but not for length. My great toenails gradually bent under like talons on a hawk.

Every subsequent shoe clerk I patronized would glance at the numbers in my old shoes and do likewise. I went to an expert, after my feet rebelled. He put a pair of shoes on me that were so long and narrow they didn't even make a shadow. I had a lot of trouble steering that pair of shoes until I gave up in disgust.

Since then I do the best I can and once in a while get a real decent fit in shoes.

But back to the women. Regardless of the shape of a woman's foot it has to be crowded into the latest style. The long narrow models are on display. She picks from display, is fitted in exasperation and suffers in silence.

After a few years of this her feet start developing knobs, bumps and valleys where none existed before.

As our fair one approaches middle age this mis-application of shoe leather begins to take its toll. A few corns, bunions and callouses appear where pressure has been the most severe. She starts searching for the wide and comfortable for housewear.

This only adds to the torment and aggravates the corns when she decides to doll up. Taking aching feet from friendly shoes and jamming them in Dame Fashion's latest does not tend to sweeten the disposition nor lighten the burden of sales clerks.

Throughout the years the feet change shape trying to keep up with the styles and the body changes shape as bodies do. Style, of course, dictates a girdle that would have caused a Knight of the Round Table to turn in his resignation.

Our fair lady by now is not only vexed with aching feet and excess weight that makes her feet almost out of reach, she is also further stymied by a girdle that holds its victim as rigid as rigor mortis. She can't possibly reach her feet to care for them.

About all she can do is forget her feet and let the shoe merchant do the best he can with the latest in styles.

TIME PASSES

25 Years Ago

Robt. P. Shuler, a Los Angeles minister, painted a black picture in an expose of what was wrong with America, when he spoke to the Upland Lions club. It was his opinion that the country was suffering from gang rule and rule by the very rich.

Richard Manley, city service manager, was presenting some facts on city costs. His report was on the sanitary department which had cost $7,342 to operate during the previous year. Labor accounted for $6,400 of this amount. Included were street cleaning, garbage and rubbish collection. Revenue accounted for $2,120 to cover this cost and broken down amounted to $1,800 for collection fees and $320 for cleaning lots.

San Antonio Community hospital was caring for an incubator baby, weighing 2 lbs., 9 oz. daughter of Mr. and Mrs. Chas. Tucker.

The Rev. J. R. Eyster, president of Beulah college, was named president of the California conference of the Brethren in Christ Church. Alvin Eschelman was secretary and H. Trautman was treasurer.

The Lemon Growers addition was to be completed and in use within a week. It was to be used for storage of fruit. Formerly the group had to use facilities of others for this purpose.

Basketball players of Junior High school who received letters at a school assembly were Edward Kilpatrick, Eldon Bert, Wm. Walk, Bruce Draper, Harold Eshelman, Willis Ruddel and Waldo Owen. They were ninth graders coached by Edwin Dean. Eighth grade players receiving letters were Alfred Williams, Bruce Horak, Newman Draper, Roy Wenger, Eddie McLean and Paul Ynostroza. James H. Paulin was the coach.

In 1932 The Upland News was printing eight pages. Today's housewives never had it so good. Here are some advertised prices for food, Bread, three loaves for 10 cents; butter, 22 cents; milk, 4 tall cans, 19 cents; sugar, 10 lbs., 45 cents; artichokes 5 for 19 cents; bananas, 5 lbs., 25 cents; coffee, 34 cents; beef roasts, 18 cents, and bacon, 17 cents.

Movies being shown or soon coming were starring Will Rogers, Clark Gable, Marion Davies, Ann Harding and Buck Jones.

15 Years Ago

Two new cars were available as Upland's quota for March, Ray C. Norton, of the rationing board announced. The board was the sole car dealer in the area. Also published were the names of persons who had received tires through the board from March 9 to 13, when tires were available.

April 27 was the date set for registration of all men between the ages of 45 and 64.

Upland's Red Cross was organizing stationary canteens to provide food in emergencies and they were to be set up in The Upland Woman's clubhouse, First Presbyterian church, First Methodist church, Brethren in Christ church and First Mennonite church.

Demolition of many shacks in the city was planned in connection with erection of the Los Olivas housing project.

Pacific Agujar, son of Mr. and Mrs. S. K. Agujar was promoted to the rank of sergeant at the Air Corps advanced flying school Stockton Field. He was assigned to maintenance. He enlisted in August 1941 and was a graduate of Chaffey High school.

The Misses Stephanie and Cecile Austin, daughters of Mrs. Emily J. Austin, 824 W. 20th St., passed their civil service exami- were leaving for Washington where they were to be employed.

Work of installing a lawn on Euclid Parkway was being held up indefinitely pending decision of priority officials in Washington, R. G. Manley, city manager, announced.

Pvt. Ross Haynes, who was doing public relations work in the U. S. Army, wrote from New Orleans, that the Louisiana city had many streets like Euclid Ave., but he said the planting on them was not as well planned, nor as attractive as Euclid.

Dr. James V. Latimer — This Life We Live

EXPERIENCES THAT LIVE:

Some years ago O'Henry wrote that no one has really lived until he has known Poverty, Love and War. I am not in full agreement with him, but I am thinking that real experiences are worth while and those that live take much time.

I read of a busy man who rushed to the airport to take a plane for the west coast. He found that there was no space available that day, and none was promised for several days to come. Flights were not so frequent then as now, and he was disturbed. Reluctantly he took a train. Yet those three or four days on the train gave him time to think and to make decisions. He began to make notes, then to write out some conclusions. He was not rushed and had time to write as well as to think. A book was the result of those days of quiet and of leisure. He reported further that the book was selling well.

Yet a group of friends last year wanted to see Mission Fields and the work of their church abroad. They joined a conducted tour and did it all in a month. I once conducted a tour over the same general ground and gave eight months to it. We had time for a quiet meal at times, and even enjoyed a morning worship service on Sundays that was worth while.

This same O'Henry mentioned above wrote a story about a man who left his hotel one morning and stopped at a stand to buy a cigar. After itwas lighted he found that he had no money with him, for he had changed suits. He asked for credit until the afternoon. This request called forth some hasty words. An argument ensued and others joined in. In the confusion that followed the man slipped quietly out and walked away. The police were called and quiet reigned once again.

The man most concerned stopped on the corner and hailed a cab. It had a passenger already who did not object to an additional one. He found a lady in the cab, both passing fair and in trouble. He had experienced a bit of poverty for the lack of a nickle and here he found love and war rolled into one. Remember that was only a story.

It was told that the man stopped in at the stand that afternoon and paid his five cent debt. He bought another cigar and the trouble was forgotten. The fair lady was later reconciled to her husband. At least one person seems to have been made happier because of that unfortunate experience.

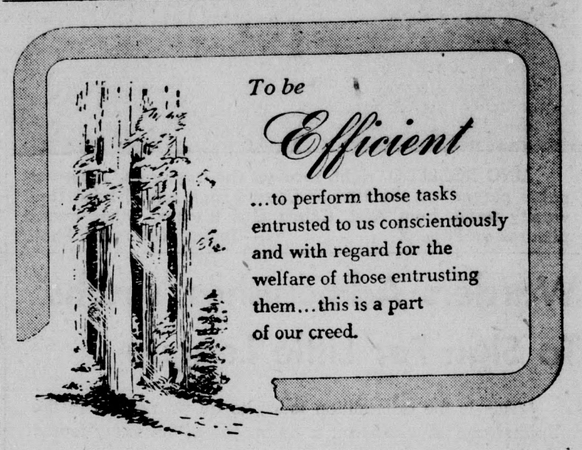

Real growth, development and outreach cannot be experienced in a single hour. These take time. Permanancy in growth cannot be measured by the things mentioned by O'Henry. They take time and thought, but are worth it.

DR. JACK R. BROKKEN WITH KAISER HOSPITAL

Dr. and Mrs. Jack R. Brokken, 648 W. Eighth St., new arrivals in Upland, are from Minnesota, where Dr. Brokken was graduated from medical school in 1951. He is now on the staff of Kaiser Foundation hospital, Fontana.

The Brokkens have traveled a great deal since their marriage, and have spent considerable time in Milwaukee, Wis., and Long Beach. They lived a year in the latter city while Dr. Brokken served his residency in a Long Beach hospital. His second year as a resident doctor was spent in Pomona.

Three children, Rachell, 4; Barbara, 3, and Steven, 18 months, complete the family.

About People

Mrs. Mary Nichols and Miss Francis Nichols of 741 N. Euclid Ave., entertained last week at Padua Hills theatre. While dining, the group enjoyed The Mexican Players, world renowned for their singing and dancing. Guests were Mr. and Mrs. J. J. Walker of Portland, Ore., and Mr. and Mrs. Joseph G. Halbeisen of Fargo, N. D.

Success is the total of many little things well done.

Mikesell Eyes Senate Seat

"If the opportunity arises," Supervisor Daniel D. Mikesell would like to go to Sacramento as a state senator.

Mr. Mikesell, member of the county board of supervisors from this district, made this statement at a recent party in Rialto, where he was interviewed briefly by an Upland News representative.

The Ontario resident said he feels he could do more for the people of San Bernardino county in the state senate than he can as a supervisor.

At the same event, Attorney General Edmund G brown told The Upland News he would like to go to Washington D. C."more than anything", but expressed his feeling that "the job of governor would be more of a direct challenge as conditions facing the next California governor will be more complex and difficult than usual."

However, Mr. Brown said he would like to consider his situation during the next year before making up his mind about his political future.

LEGAL NOTICE

Varsity Thinclads Lose To Bonita

Class B, C Tracksters Win, Set School Records In HH, LH, Shot

Coach Paul White's Upland High thinclads were dropped, 61 2/3 to 42 1/3, in their Tri-County league meeting with Bonita High school last week, but the day was salvaged for Upland as the local "B" and "C" league teams claimed victories and shattered three school records.

For the B squad, it was an easy day resulting in a 79-19 league win, but for the C track and field aggregation, it was a narrow squeeze as they pulled a 39-38 upset.

In the Tri-County B competition, Frank Batchelor sparkled as he set a new school record of 10.1 in the 70 yard high hurdles, and returned in the 120 yard low hurdles for another new record of 14.4. Tim Olague equalled the school record of five feet, six inches in the high jump, so will be eagerly watched as a possible new record setter.

Hodel Sets Record

C League competition also had its share of excitement as Lary Hodel broke the school shot put record with a toss of 44' 2½". Larry Strohm and Gary Headley also shared honors, claiming double victories.

Harlan Gray, in tht 220, and the relay team, claimed Upland's only first place wins in the varsity competition. Gray took the furlong win in 23.6, with teammate Bob Mulligan close behind. Bonita's star sprinter, Kent Brownsberger, pulled a muscle only five yards from the finish of the race to lose out.

Pole Vault Tie

A first place tie in the pole vault was claimed by Walt Wood, with Perez of Bonita, with a jump of 10'6".

Finishing in 1:38.9, Upland's 880 relay team included Mulligan, Larry Allen, Leno Rebledo and Gray.

Other varsity men placed as follows: Ken Matlin, third in 440; Loral Youell, second in 880; Bill Ricci, second in mile; W. Wood, second in 120 HH; Allen, second in 180 LH, and Gray, second in BJ.

Class B wins for Upland were as follows:

70 HH, 10.1, Batchelor, first; Murphy, second, and Worden, third; 100, 11.0, Collins, Hanamura and Weitel; 660, 1:36.2; McMahill, Penn, Bonita; HJ, 5-6, Olague, Thompson, no third; 120 LH, 14.4, Batchelor, Worder, Storer;

Shot, 42-9½, Long, Heath, Johnson; 220, 24.1, Belknap, Hanamura, Mortonson; BJ, 17-11, Collins, Olague, Thomas; 1320, 3:42.3, Teeter of Bonita, Smith, Hobart; PV, 9-6, Carlton, Thomas, no third; Relay, 1:14.2, Upland (Murphy, Long, Batchelor, Collins).

Class "C" Scoring

Upland's Class C upset was by the following wins:

100, 11.1, Strohm; 660, 1:35.8, all Bonita wins; 180, 19.5, Strohm, Walker of Bonita, Moore; 120 LH, 15.4, Headley, Morgan of Bonita, Lynch; 440 Relay, 49.3, Bonita; Shot, 44-2½, Hodel, Walk and Martinez of Bonita;

PV, 8-6, three-way tie, Headley of Upland, Wagner-Bedford of Bonita; HJ, 5-2, tie between Flemming of Upland and Ortiz of Bonita, Stoebe of Upland third; BJ, 19-0, Lynch, Banuelos and Horak.

Varsity Nine Evens Score

Upland varsity diamond nine returned to the win column Friday, taking its second win to even with the loss column, as it defeated South Pasadena, 8-4.

Andy Ledesma started on the mound for the Highlanders but was relieved in the sixth by Skip Wulf, who turned in a good job of relief hurling. Alex Molinar and Ed McGready led the hitting attack, both hitting two for three.

Other Highlander hits were by Jack Hawes, Jim Davis, Skip Wulf and John Echlemeyer.

Upland Jayvee baseball team lost its game to S. Pasadena Junior Varsity, 7-6. Upland was ahead 6-2 until the last of the seventh when S. Pasadena pushed ahead five runs to win. Getting hits for the Highlander Jayvees were John Vasquez, Ralph Ramirez, Bill Ryan, Jesse Martinez and Jerry DuPont.

Baseball Loss To Fontana

Mental errors, apparently, proved costly to the Highlander varsity diamond nine last week, with Fontana claiming a 7-5 win Wednesday despite being outhit 11-6 by Upland.

Coach Jerry Bell's nine had also lost the previous evening, 2-1, despite outhitting Ramona High, 7-4. The two losses followed he season opener with Glendale, won by Upland, 5-0.

Against Fontana, Upland scored twice in the first, twice in the sixth, and once in the seventh. Leading the attack for the Highlanders was Skip Wulf, who had 3 for 4. Collecting 2 for 4 were Highlanders Andy Ledesma, Jim Davis and Alex Molinar.

Other Upland hits were by Jack Hawes and Jack Vermillion.

A TRIBUTE TO OUR CHAMBER OF COMMERCE

The sincere men who aggressively promote the industrial advantages and potential profit possibilities of our city, comprise our most important, single group of citizens. They are the hard-working members of our Chamber of Commerce. On their shoulders falls the responsibility of attracting new factories and industries to our community, in order that more and more payrolls, families and homes will agument our already prosperous area. Indeed, we might say that the CHAMBER OF COMMERCE is the very life-blood of our daily lives, for their activities penetrate each business, large and small — bringing to all, the kind of help that benefits, directly or indirectly, every man, woman and child in our proud community. We salute the incomparable work of our Chamber of Commerce!

STATE INCOME TAX AUDITORS TO BE IN POMONA

Help in filing their State income tax returns is promised taxpayers by Robt. C. Kirkwood, chairman of the Franchise Tax board.

Kirkwood announces that State income tax auditors will be stationed in the Pomona city hall, 232 W. Fifth St., Pomona, Mar. 28 through Monday, Apr. 15, the last day for filing without penalty, to assist taxpayers in the preparation of their State income tax returns.

The income tax office at the above location will be opened Monday through Friday, from 8:15 a.m. to 5 p.m. during the period indicated.

"Returns are due from all single individuals whose net income was $2000 or more, and from all married couples with a combined net income of $3500 or more," Kirkwood said. "As always, early filing is advisable."

The honor students include Janet Allen, Val Jean Beske, Marsha Boles, Warren Curtis, Dixie Dahms, Barbara Johnson, Brenda Keller, Vera Lemon, Robert Lucier, Sandra MacLaren, Harold May, Douglas Shilling, Patty Smothers and Pat Tunstall.

No Notation Necessary For Parcel Post

Many postal patrons are still needlessly writing "may be opened for postal inspection" on parcel post packages, Postmaster Roy A. Ray said today.

Mr. Ray said Postmaster General Arthur E. Summerfield had asked postmasters throughout the country to call public attention to the fact that it is no longer necessary to take the time and trouble to put the notation on parcel post.

A recent rule change abolished the requirement that sealed parcel post packages contain the notation or be subject to higher postage rates. Formerly, if the mailer sealed the parcel post package and did not indicate that it could be opened for postal inspection, it was subject to the higher first-class postage rate, collectible from either sender or addressee.

Postmaster Ray said, "The new rule not only cuts out a bothersome bit of red tape, but it prevents mailers from being charged with high postage fees because of a small oversight."

Openings For Local Retail Managers In Chaffey Class

A Human Relations course for retail managers now being taught by Elwood Chapman, distributive education instructor in the Chaffey college Business department, is open for 10 more students. Theme of the class is "How to Increase Productivity of Employes Through Improved Human Relations," according to Chapman.

The class is taught in room 73, college building, Mondays, 7 p.m. to 10 p.m., for 12 weeks. Call YU 6-2711 for information.

Award Local Students For Achievements

Bank Makes Presentations At Chaffey

Chaffey high school field and trophy award winners in the 1957 Bank of America Achievement Awards program have been announced by the Bank of America. Eleven specific field winners have qualified for certificates and trophy award winners in general fields will receive trophies.

Two of the four trophy award winners are from Upland and Cucamonga. Gale Tresie McCully, daughter of Mr. and Mrs. William McCully, 1346 E. Ninth St., received her trophy award in the general field of fine arts. She has been a member of the Chaffey Symphonic orchestra for four years. She has been four semesters in the California Scholarship federation, a gold seal bearer; three years in art, president of the De Milos club and a member of the Inter Nos Latin club. Her certificate award is in the field of art.

Margaret Castellini, daughter of Mr. and Mrs. Felix Castellini, 8705 E. Ninth, won in the general field of vocational arts. She has been a member of the California Scholarship federation for three semesters and a member of the Fasti staff. She has appeared in the sophomore and junior assemblies of her class, the junior, senior, and one-act Pasadena play casts. Her certificate award was in the field of home economics.

Certificate winners, besides Miss McCully and Miss Castellini, included Judy Moffitt and Douglas M. Reisner. Miss Moffitt, daughter of Mr. and Mrs. Walter Moffitt, 499 E. 19th St., Upland, won her certificate in the field of music. She has been a member of the Chaffey Symphonic orchestra and president of the Inter-Nos 11 Latin club. She received the Hollywood Bowl award for ability and activity in music and

All States Picnic Group To Meet

All States Picnic, Inc., will hold the first of its special dinner meetings in the Ontario Woman's club house, Tuesday, Mar. 26, at 6:30 p.m.

This is the announcement of Clarence Lankford, president of the organization. A spaghetti dinner will be served and a nominal fee of 25¢ per person will be charged. The public is invited to attend and bring their own table service.

Following the dinner there will be the regular monthly business meeting of the All States Picnic, Inc. A special invitation has been issued to former residents of New Mexico by Frank DeValdez, chairman of the All States Picnic affairs of the Los Angeles group of Sons and Daughters of New Mexico.

Science, Math Students Form Vectors Club

Vectors, a new Upland high school science and mathematics club, has been organized to foster genuine interest in physical sciences and mathematics. Its aims are to offer opportunities for additional experiences beyond the general curriculum in the field of physical sciences and mathematics, and to encourage fellowship and cooperation among its members. It will meet on the second and fourth Tuesdays at 6:30 p.m. in room 28 of the school.

Newly elected officers include Michael Zwettler, president; C. B. Cox, vice president; Judy Bliss, secretary; Myrna Islas, treasurer, and Gail Hartig, program chairman. Sponsors are instructors Dale Stevens and Roy Vick.

Members, other than the officers, include Dave Armstrong, Don Bangee, Dino Columbino, Jeffrey Fort, Connie Helm, Shirley Lindsey, Dan Lynch, Jackey Percyra, Paul Stebritz, Lloyd Thomas, Robbie Toomer.

Color Slide Short Courses For Public

A short course in Miniature Color Slide photography is being offered free to the public at Chaffey college by the Adult Education Dept.

The lecture-demonstration course, taught by Virgil Percy, began March 12 and meets from 7:30 to 9:30 p.m. on Tuesday and Thursday evenings in the Art annex, Bldg. 15 (corner Fifth and Euclid). Enrollment remains open for the class. Parking is available on W. Fifth St.

Instructor Percy, faculty member of the Chaffey Photography Dept., recently appointed director of the school competition division of the Photography Dept., 1957 Los Angeles County fair, has designed this class for the beginning 35mm photographer and/or the 2 1/4 inch square color slide maker.

USE COMMON SENSE

Fewer accidents will happen on our highways when people learn that our cars come equipped with everything but brains.

Lions, Rotary Hear of High School Buildings

One classroom building and a building for "shops" will be under construction on the Upland high school campus at an early date and they are scheduled for completion during February, 1958.

That was the report given by Allan Smith of the Chaffey administrative staff at the meeting of the Upland Lions and Rotary clubs in the Upland Woman's clubhouse at noon Thursday.

While giving a general report on the proposed Chaffey expansion program, Mr. Smith localized his summary primarily to the new high school campus on W. 11th St. Completion of a swimming pool and diving pool by late this summer is scheduled, bids having been opened Thursday afternoon.

He said the two new buildings would relieve the classroom congestion with other buildings to be placed later in the development of a complete four-year high school to serve 1800 students.

Construction of a new Monte Vista high school and purchase of sites for all of the anticipated five high school campuses are planned in the early stages in the expanding Chaffey educational system.

The Lions were hosts to the Rotarians with President James Colgan presiding. Rotary President John B. Atwood also presided briefly.

Recreational Program For School District On 12-Month Basis

Cucamonga District School Plans Facilities For Full-Time Community Taxpayer Use

School facilities owned by the taxpayers of a district should be available for use by these taxpayers the year around, and not restricted to use by students only or during school hours only.

This is the theory of the administration of Cucamonga District Elementary school, and its plans for the new district school now nearing completion on Archibald Ave. will put this theory to work.

Facilities Included

Football and baseball fields, a tree shaded picnic area with a club house and rest rooms, a play area for primary pupils, and black-topped multi-purpose courts, are included in the long-range master plan for the school's recreational facilities.

These facilities are planned, not only for the benefit of the youngsters in school, but for the children and adults of the district, alike, for use 12 months of the year.

To provide such a real need in the Cucamonga area, the school district is taking advantage of the state law providing for a "community service" tax rate increase of fice cents per $100 assessed valuation, without the necessity of a district election.

Special Tax Increase

Recreational facilities for school and community use are among the items covered by the community service tax rate increase provided by law, and this five cent increase was added to the Cucamonga District tax rate with the beginning of the current fiscal year, last July 1.

Cucamonga Distirct's total school tax rate is now $1.07, with the community service increase and the rate covering district retirement payment for certificated and non-certificated personnel, added to the minimum 96 cent rate.

With tax monies available this summer, the football and baseball fields will be prepared, but no turf will be installed at this early date. Multi-purpose courts at the northeast corner of the school buildings will also be paved with asphalt.

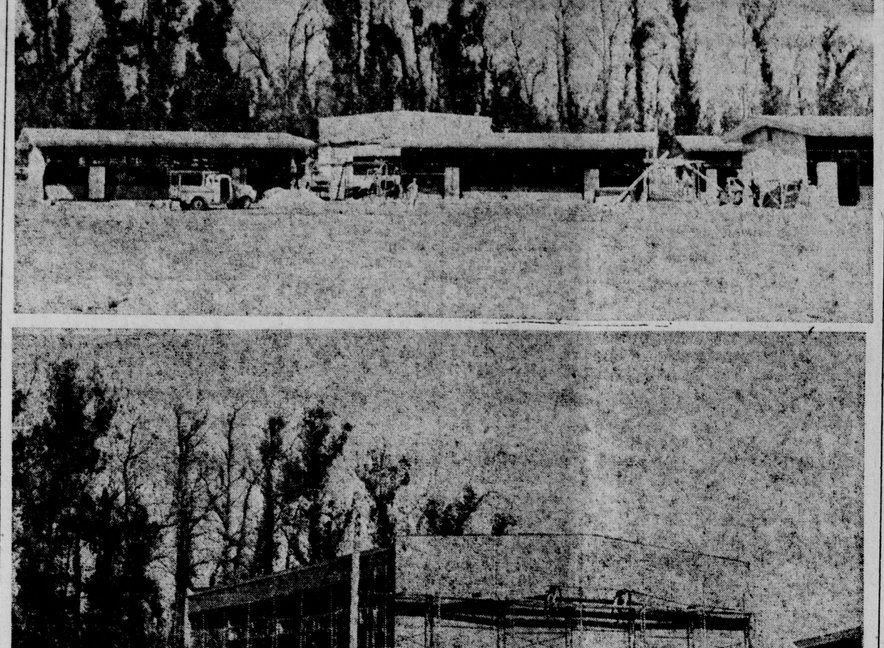

Steps In Development

This will launch the recreational developments made possible through the special tax. The master plans call for purchase of recreational equipment and athletic field turfing as the second step in the program. Site development of the picnic area and adjacent parking lot will be the third phase of the plan, with the addition of a club room and rest rooms in the picnic area to be the final development.

Future plans will call for installation of field lights for night recreation, according to Ralph Bullock, school principal, who has been working with a citizens committee in formulating plans for the recreational facilities.

"We have had the complete cooperation of civic groups and individuals in planning our recreational facilities," said Mrs. Theresa Stafford, superintendent of the school district. "We of the school administration have worked closely with them, to be certain our program fits the needs of the district. Mr. Bullock has met frequently with the citizens committee in completing the plans, and deserves much credit for their fulfillment."

Cucamonga School Construction In Final Stages

ABOVE—As final stages of construction are reached, and the time for finishing work is near, the new Cucamonga District Elementary school looks like this from the south edge of the campus. Paved parking and playground areas and landscaping will transform the school plant into the beautiful campus Cucamongans are awaiting. BELOW—Plastering and other exterior finishing is being completed on the school cafetorium in this picture. The entire plant will be ready for occupancy sometime this summer, with all to be in readiness for the fall school term.

ART SHOWS

CERAMIC ART SHOW

MARCH 20 — APRIL 11

One hundred and twenty-four of the nation's enamelists and ceramists have been invited to show in the fourteenth annual invitational exhibition of ceramic art at Scripps College, opened yesterday and extending through April 11.

The exhibition will display the variety and virtuosity of color contemporary American artists are now achieving in enamels and ceramics.

The public is welcome to view the more than 500 pieces on exhibit daily from 2:00 p.m. to 5:00 p.m. in the Scripps art galleries.

DYBSAND GRANDCHILD

Mr. and Mrs. Raymond Dybsand, are receiving congratulations on the birth of a son, Allen Ray, 8 lbs. 7½ oz., in San Antonio Comunity hospital, March 10. Allen Ray is the first grandchild of Mr. and Mrs. Henry Dybsand, 520 N. Second Ave. His maternal grandparents are Mr. and Mrs. Edwin Shrosbree, 8810 9th St., Cucamonga.

It's a mighty poor policy to buy your friends unless you can afford to get stuck.

Newcomers

COUNTY OFFICIAL BRINGS FAMILY TO UPLAND

San Bernardino county's new director of air pollution, George Bean, and his family are among new Upland residents. Mr. and Mrs. Bean and three children are making their home at 251 Vallejo Way, having come here from Minneapolis, Minn.

Their children are Suzanne, 7; Linda, 3, and George Thomas, 15 months.

NEBRASKANS HERE

Mr. and Mrs. Floyd E. Moore, 792 Sycamore Ct., are newcomers to Upland, having arrived here January 18, from Omaha, Neb.

Mr. Moore is employed at Lockheed, as a Radar Operator.

They have one daughter, Suzanne, who is 8 years old.

FROM TENNESSEE

Mr. and Mrs. William Tollison, 1495 Salina St., are new Uplanders from Memphis, Tenn. Eight-year-old Bobby is the couple's only child.

Mr. Tollison is employed at General Electric in Ontario as a mechanic.

HENMANS FROM WASHINGTON, D.C.

Another Lockhed family new to Upland is the Thomas Henman family at 356 Harford Pl. Mr. Henman is an executive with the aircraft service.

The Henmans moved here from Washington, D. C., but Mrs. Henman is originally from Norway. The couple's two children are Siri Lisa, 7, and Stephen, 4.

"ANGELITA" TO PLAY

Only one week remains for Upland-Foothill theatergoers to see the delightful comedy, "Angelita" now on stage at Padua Hills theater.

Closing date of the production is March. 30. It will be followed by "En el Mes de Mayo", now in rehearsal.

Performances of "Angelita" are being given Wednesdays through Saturdays at 8:30 p.m. with matines Wednesday and Saturdays at 2:30 p.m.

Science Topic States Matter

"Matter", will be the lesson sermon topic in Ontario Christian Science church, Sunday, bringing out the acceptance and utilization of man's God-given dominion in destroying material laws of sickness, sin and limitation.

The golden text, which points to the main theme is from Paul's letter to the Colossians, 3:2, "Set your affection on things above, not on things on the earth." Co-related Bible verses include 33:20, 22, Isaiah, "Look upon Zion, the city of our solemnities: thine eyes shall see Jerusalem a quiet habitation, a tabernacle that shall not be taken down; not one of the stakes there of shall ever be removed, neither shall any of the cords thereof be broken. For the Lord is our judge, the Lord is our lawgiver, the Lord is our king; he will save us."

One of the oddities of life is how a man can be his own worst enemy by being his own best friend.
